Y. on Feb. 20 1902 with $10,120,500 stock, and in Aug. 1902 this was increased to $17,000,000, and in August 1920 further increased to $17,500,000, of which $16,707,500 has been issued (all of which was owned by the International Traction Co. up to 1920—See V. 111, p. 1752), as a consolidation of the following companies, whose shares had previously been held by the Traction Co. V. 74, p. 427.

Buffalo Railway Co. (after Buffalo Traction and Buffalo Bellevue & Lancaster had first been merged in the same).
Buffalo & Niagara Falls Electric Railway.
Buffalo & Lockport Railway (after Elmwood Ave. and Tonawanda Electric Railway had been merged).
Buffalo Tonawanda & Niagara Falls Electric RR. Co.
Lockport & Olcott Railway.
Niagara Falls & Suspension Bridge Railway (after the Niagara Falls Whirlpool & Northern Ry. had been merged in it).
Niagara Falls Suspension Bridge Co.

On July 1 1902 the International Ry. Co. acquired by purchase the Niagara Falls Park & River Ry., the Clifton Suspension Bridge Co., the Lewiston Connect. Bridge Co. and Queenston Heights Bridge Co. and in Dec. 1912 merged the Electric City Ry. In April 1913 the Crosstown St. Ry. was also merged.

For history of International *Traction* Co. which formerly held all the co.'s stock, see "Electric Railway" Supplement of Apr. 30 1921.

New Line.—The P. S. Comm. has auth. the sale of $3,870,000 International Ry. ref. and impt. 5% bonds, of which $3,642,000 have been issued, to provide for the construction and equip. of the high-speed interurban line from Buffalo through Tonawanda and North Tonawanda to Niagara Falls, 16 miles, over private right of way. Franchises.—Nearly four-fifths of the mileage in Buffalo, including all the most important lines, is maintained, it is stated, under franchises in perpetuity or upon property directly owned, only 47 miles of minor trackage being operated under franchises having less than 25 years (from 1916) to run. The franchises of the lines outside of Buffalo are either for various long-term periods or are without time limit.

Service at Cost Proposed.—In Feb. 1923 the co. declared itself ready to accept a "service-at-cost" plan patterned on the Cleveland plan. For summary of proposed city-company contract see V. 116, p. 935.

Effective May 1 1921, the co. under a joint tariff covering passenger traffic with the Niagara Gorge Ry. put into effect increased rates. See V. 112, p. 2537.

Strike.—On July 1 1922 the company's employees went on strike, following a reduction in wages. For details see V. 115, p. 73, 183, 759, 868. Compare V. 116, p. 515.

Damage Claim Against City Filed.—The co. in Oct. 1922 filed a claim of $3,805,250 for damages alleged to have been incurred through the failure of the city to furnish adequate protection during the strike which started July 1 1922. V. 115, p. 1837. In Nov. 1922 a similar claim but for alleged damages aggregating $4,960,000 was filed with the County of Erie. V. 115, p. 2267.

AURORA ELGIN & FOX RIVER ELECTRIC CO.

ORGANIZATION, &C.—Was reported to have been incorporated in Dec. 1921 for the purpose of taking over and operating the Fox River Valley and the Aurora and Elgin city lines of the old Aurora Elgin & Chicago RR. (for history see "Electric Railway" Supplement of April 29 1922). The so-called "Third Rail Division" (see Chicago Aurora & Elgin Corp. above) was reorganized as per plan outlined in V. 114, p. 736, 1177. No further information.—V. 115, p. 2476.

CHICAGO SURFACE LINES.

Under the title of Chicago Surface Lines the properties of the Chicago Railways Co. and the Chicago City Railway Co. are now being operated as a single system under the control of a joint board of operation in accordance with an agreement between the two companies and the unification ordinance which became effective Feb. 1 1914. While under the terms of this ordinance and the agreement the ownership of the properties remains entirely separate and distinct, the combined earnings are divided upon an agreed basis. For the two years ending Jan. 31 1916 the Chicago Railways Co. received as its share 59% of the income remaining after the payment of all operating expenses, including taxes and maintenance, the other 41% of the income going to the Chicago City Ry. Co., including the Calumet & South Chicago Ry. and the Southern Street Ry., and, beginning with Feb. 1 1916 and until the expiration of its franchise in 1927, the Chicago Railways Co. will receive 60% of the so-called "residue receipts," and the Chicago City Ry. (including the Calumet & South Chicago and the Southern Street Ry.), 40%. The plan provided for a 5-cent fare throughout the city on surface lines, also through routing of cars from one division of the city to another. See details of the ordinance and the agreement for unified operations under date of Dec. 1 1913 in V. 98, p. 1693. An order permitting the State Attorney to file quo warranto proceedings to question the legality of unification ordinance was denied in March 1915. V. 100, p. 1078.

Statement Showing Shrinkage in Market Value of Securities.—See V. 108, p. 1822.

Ordinance to Unite Surface and Elevated Lines.—See remarks under Chicago Elevated Railways.

Proposed Subway System.—See V. 112, p. 61; V. 114, p. 304, 1406, 1532 V. 115, p. 1631.

Application to Carry Freight.—See under "Chicago Elevated Rys."

Decision.—On April 19 1917 the Ill. Supreme Court upheld the right of the State Public Utilities Comm. to regulate street car service in Chicago regardless of the provisions of the contract ordinances of 1907 between the Chicago City Council and the surface lines. Pursuant to this opinion a decree was entered by the Circuit Court of Cook County in favor of the Comm., which was affirmed by the Ill. Supreme Court. An appeal was taken to the U. S. Supreme Court which held that the decision of the Illinois Supreme Court was conclusive. See also V. 113, p. 2311.

Fares.—Effective Dec. 27 1919 the Illinois P.U. Comm. ordered the companies put on a straight 6-cent cash fare basis. Effective July 1 1920 the companies were auth. by the Comm. to charge an 8-cent fare. V. 111, p. 73. On Nov. 8 1920 the P. U. Comm.. made this order permanent and fixed the valuation of the lines as of April 30 1920 at $159,113,114. The Commission also found that the companies were entitled to earn a return of approximately 7.5% on the value of the properties; for details see V. 111, p. 1949, 2040. See also V. 113, p. 291, 2311. On Jan. 9 1922 the U. S. Dist. Court at Chicago entered on interlocutory injunction restraining the Ill. Commerce Comm. from enforcing a 5-cent fare. V. 114, p. 197. 304. 625, 1285. The Ill. Commerce Comm., however, ordered a reduction in fares to 6 cts. effective May 1 1922. V. 114, p. 1650, 1764. A temporary injunction against the 6-cent rate was issued by Federal Judges Evans, Geiger and Page. V. 114, p. 2011. The injunction was conditioned upon the company reducing its fares, not later than June 15 1922, from 8 to 7 cents cash or 3 tickets for 20 cents. V. 114, p. 2468.

City Operation Approved.—On Nov. 11 1919 the City Council unanimously approved the Mayor's plan for condemnation of the surface lines and their operation on a 5-cent basis by or on behalf of the city. For further details see V. 109, p. 1891; V. 112, p. 2304; but compare V. 112, p. 1739; V. 113, p. 70.

Refusal of City to Accept Share of Profits. See V. 112, p. 1739; compare V. 113, p. 70.

Suit by City.—In July 1921 the city filed suit in the Municipal Court for $3,500,000, against the company, which the city claims is due for the use and occupation of the streets, (V. 113, p. 70), but compare V. 112, p. 1739

(1) Chicago City Railway.—An electric road.

Unified Operation of Surface Lines.—See "Chicago Surface Lines" for details of unification ordinance under which the lines of this company are operated jointly with those of the Chicago Railways Co. as a single system under the control of a joint Board of Operation. For plan to unite the surface and elevated lines see "Chicago Elevated Rys."

ORGANIZATION.—Incorporated in Feb. 1859, and has extensive surface road privileges in the south division of Chicago. Has a contract expiring Jan. 31 1927 with the Commonwealth-Edison Co., for the supply of its entire power requirements. The railway has abandoned its producing plants but retains its distributing plants.

***New Ordinances and Franchises.*—On Feb. 4 1907 the City Council passed ordinances providing for a settlement of the franchise question. These ordinances were approved at the city election on April 2 1907 and formally accepted by the company's board of directors on April 15 1907. Suit to set aside franchise was dismissed in April 1912. V. 94, p. 1118. An extended outline of these ordinances, one to the Chicago City Railway Co. and covering the lines operated by that company, and the other to the Chicago Rys. Co., and covering the lines of the former Chicago Union Traction Co. (now the Chicago Railways Co.), was given in V. 84, p. 1123. The value of the tangible and intangible property of the Chicago City Ry. at date of the ordinances was fixed at $21,000,000. The city or any company authorized by it is given the right on Feb. 1 or Aug. 1 of any year, on six months' notice, to purchase the entire property of the two systems, or either of them, at their value at date of ordinance, plus "the cost of rehabilitation and extensions, including fair allowances for construction, profit and brokerage". But if the properties are acquired for operation by a private corporation, for its own profit, the purchase price is to be increased 20%—barring the case of a private company which might be willing to turn over to the city all profits above 5% on the cost of the investment. The companies are limited during their operation to an interest return of 5% upon the agreed value plus the cost of rehabilitation and extensions. All net profits above this are to be divided on the basis of 55% to the city and 45% to the companies, but a deficit in any year is to be made good out of the profits of subsequent years. After April 15 1910 the companies are required to set aside 6% of the gross receipts for maintenance and repairs and an additional 8% of the gross receipts to cover renewals and depreciation. Whatever portion of the two funds is not used remains in the funds and passes to the city or its licensee upon purchase. But if the two funds are not sufficient for the purposes named, the companies are obligated to supply additional funds. The franchises granted by the ordinances run until Feb. 1 1927. On Feb. 4 1921 the City Council voted to cancel these franchises. See V. 112, p. 743. Purchase price of the property Jan. 31 1923, $55,084,943.**

On Jan. 29 1912 City Council passed an ordinance providing for the acquisition by Chicago City Ry. of city lines of the Chicago & Southern Trac. Co. V. 94, p. 349, 629. The latter was sold at foreclosure in Feb. 1912. The lines outside the city were taken over by the Chic. & Interurban Ry.

Decision as to Regulation.—See "Chicago Surface Lines."

In Jan. 1920 the company applied to the Ill. P. U. Comm. for auth. to issue $1,928,000 5% 1st mtge. bonds to cover expenditures for improvements V. 110, p. 359. In Jan. 1921 was auth. by the Ill. P. U. Comm. to issue $1,758,000 bonds. V. 112,p. 372.

Unified Operation of Surface Lines.—See "Chicago Surface Lines" for details of Unification Ordinance of 1914, under which the lines of this company are operated jointly with those of the Chicago City Ry. as a single system under the control of a joint board of operation. As to plan for unification of surface and elevated lines, see "Chicago Elevated Rys."

Ordinance Embodying Unified Operation of Surface and Elevated Lines.—See Chicago Elevated Rys. on a subsequent page.

ORGANIZATION.—Incorp. in Illinois in Oct. 1903 and on Jan. 25 1908 acquired at foreclosure sale the property of the old Chicago Union Traction, comprising the lines of the North and West Chicago Street RR. The purchase was made under a modified plan of reorganization and readjustment dated Oct. 15 1907 and outlined in V. 85, p. 1269; see also p. 1576.

In Dec. 1912 purchased 6 miles of the Suburban RR. inside the city limits V. 95, p. 1402) and issued $22,554 bonds to cover cost.

Franchises.—On Feb. 5 1907 the City Council passed ordinances providing for a settlement of the relations between the city and the street railway companies. V. 84, p. 338, 390. The *franchises* granted by the ordinance expire Feb. 11 1927 and were approved at the popular election held April 2 1907. On Oct. 10 1910 supplemental ordinance was passed expiring Feb. 1927, covering lines of Chicago Consol. Trac. properties. V. 91, p. 1025.

In the remarks concerning the Chicago City Ry on a preceding page of this publication will be found a brief summary of the main terms, requirements and conditions of these ordinances. A very extended outline of the same was printed in the "Chronicle" of May 11 1907, pages 1123, 1124 and 1125, to which the reader is referred for detailed information.

The ordinance for the Chicago Rys. Co. provides that the valuation of the properties acquired shall be deemed and considered to be $29,000,000 (the value fixed by a board of expert engineers acting for the city) plus $1,779,875 for expenditures from the date of the valuation on June 30 1906 to Feb. 1 1907, making total valuation of properties as recognized by ordinance $30,779,875 as of Feb. 1 1907. With the expenditures already made, the valuation of road, equipment and franchises on Feb. 1 1923 was computed at $92,694,856.

All expenditures for reconstruction and extensions are being made under the direct supervision of a board of supervising engineers headed by Mr. Bion J. Arnold, and the company is required, under conservative restrictions, to advance moneys for the construction of subways by the city. The expenditures for reconstruction and extensions, including any contributions for subways, after Feb. 1 1907 are to be added to the value of the properties recognized by the ordinance, together with 5% of such expenditures for brokerage. As compensation for its services in construction the company will receive an additional 15% of all expenditures for reconstruction and extensions, exclusive of amounts contributed for subways. The company agreed to lower and reconstruct the tunnels under the Chicago River at Washington, La Salle and Van Buren streets.

Right to Purchase by City.—Under the terms of the franchise, the company agreed to waive all rights under previous grants, and gave the city an option to purchase all of its property for municipal operation at any time prior to the expiration of the 20-year franchise granted the company by the ordinance. The price to be paid by the city to be $30,779,875, the valuation of the properties February 1 1907, as above mentioned, plus all expenditures after that date for reconstruction, extensions and additions to the properties, including any amounts advanced to the city for the construction of subways in the downtown business district. In case the property shall not be purchased, as above stated, prior to 1927, the expiration of the franchise, the city covenants that it will not then grant a franchise to any other corporation for the operation of a competing system in the company's territory unless such other corporation shall purchase the property of the company at said price. The city also has the option of requiring the company to sell its property to any other licensee corporation of the city, or of purchasing the property itself for municipal ownership (with no requirement as to municipal operation), at any time during the life of the franchise; but in case of such purchase by the city or a licensee the price to be paid shall be 20% more than the price above mentioned; but the licensee shall not be required to pay the additional 20% if it shall agree to pay over to the city all profits in excess of 5% on the investment In any event, (1) the purchase price must be paid in cash and the first mortgage bonds of the company will attach to such cash as a first lien in the event of such purchase; or (2) such purchase (if made within said 20 years), must be consummated expressly subject to the lien of the 1st mtge. bonds, but if made at the expiration of said 20 years, the amount thereof must also be paid in cash.

Compensation to City.—Provision is made for special compensation to the City of Chicago, but this compensation is payable only out of the surplus earnings of the company after paying or providing for all operating expenses, including the charges for maintenance and depreciation prescribed in the ordinance and 5% upon the valuation of the company's property at which it may be purchased by the city for municipal operation, as above stated. Of the surplus earnings so remaining, the City of Chicago receives 55% and the company 45%. (See V. 99, p. 1831 for dispute with city as to certain accounts).

Control by Trustees.—The trust indenture securing the participation certificates provides that until Aug. 1 1912 and to the full extent thereafter which may be permitted by law until all of the consolidated mortgage bonds of the company shall be fully paid and discharged, the directors of the company shall be elected by trustees, now consisting of Messrs. Harrison B. Riley, William C. Niblack, Abel Davis, Frank G. Gardner and Henry J. Tansley, and provision is made in the trust deed securing the 1st M. bonds for the appointment of a permanent finance committee, now composed of Messrs. Henry A. Blair and B. A. Eckhart, Chicago.

Acquisition of Chicago Consolidated Traction Properties.—On Dec. 27 1910 Judge Grosscup confirmed the sale of the Chic. Consol. Trac. Co. and its eight underlying companies on Nov. 30 1910 to Andrew Cooke and the sale by the latter of all properties *within* the city limits to the Chicago Railways Co. (V. 91, p. 945, 1253, 1511), pursuant to an ordinance passed Oct. 10 1910 (placing valuation at $4,021,982), like in tenor, amendatory and supplemental to ordinance of Feb. 11 1907 (V. 91, p. 1025, 1159) See reorganization plan, V. 90, p. 1613; V. 91, p. 37. The lines *outside* the city were acquired by the County Traction Co. (now the Chicago & West Towns Ry.), which has no connection with the Chicago Railways Co. On Nov. 1 1910 a deposit agreement was entered into by the holders of the securities of the Chicago Consolidated Traction and its subsidiaries, providing for the exchange of the said securities for Chicago Rys. Co. Purchase Money 4% to 5% bonds and Adjustment Income 4% bonds, both dated Jan. 1 1911 and maturing Feb. 1 1927. For description of bonds and terms of exchange, see V. 91, p. 1384, and compare V. 90, p. 1613; V. 91, p. 214

Favorable Decision.—In Oct. 1912 the U. S. Circuit Court of Appeals affirmed the decision of Judge Kohlsaat, dismissing the suit brought to have the compromise franchise of 1907 annulled. V. 95, p. 1206.

Settlement of Yerkes Suit.—In April 1914 the company arranged a settlement of the suit brought by the Yerkes estate on the guaranty of the bonds of the Chic. Consol. Trac. Co. by the Union Trac. Co. V. 98, p. 1155.

Committees Formed—To Seek Payment of Back Divs.—Holders of Series 1 partic. ctfs. on March 26 1923 elected a protective committee in an effort to obtain $1,478,400 in unpaid divs. on the certifs. The committee will take steps to bring about an agreement with the co. The committee consists of: Jackson S. Stone, W. F. Prindel, Harry C. Edmonds, Robt. J. Dunham and Orville E. Babcock. See V. 116, p. 1410. Compare V. 116, p. 1275.

Unification of Surface and Elevated Lines and Construction of Subways, &c.

On Aug. 14 1918 the City Council passed a proposed ordinance for the unification of surface and elevated lines and for the construction of subways, which was submitted to a referendum vote of the people on Nov. 5 1918 and rejected by them. V. 107, p. 1836. For digest of this ordinance see V. 107, p. 1292. The roads included were the Chicago Railways Co., Chicago City Railway Co., Calumet & South Chicago Ry. Co., Southern Street Railway Co., Metropolitan West Side Elevated RR. Co., Northwestern Elevated RR. Co., South Side Elevated RR. Co. and the Union Consolidated Elevated Railway Co. The ordinance provided for a north and south subway system, an east and west subway system and vast improvements and extensions of surface and elevated lines; $70,943,020 was the city purchase price set for the elevated roads as of June 30 1916 with additions to or deductions from capital account to date of effective date of ordinance. After the referendum rejection of the ordinance the local Transportation Committee of the Chicago City Council took up the question of revising the ordinance and recommended a lease of the traction properties. V. 108, p. 1274.

On Apr. 19 1917 the Ill. Supreme Court upheld the right of the State Public Utilities Comm. to regulate street car service in Chicago regardless of the provisions of the contract ordinances of 1907, between the Chicago City Council and the surface lines.

At midnight Nov. 2 1913 began through-routing north and south elevated trains, using the Loop for that purpose, and established free transfer stations between said trains and trains of Metropolitan and Oak Park cos.

As the project for uniting under one control the elevated railway and surface roads of Chicago was not carried out by July 1 1914, the Commonwealth Edison Co. purchased from the syndicate which underwrote the pref. shares approximately 200,000 shares of Chic. El. com. stk. for about $6,000,000 in accordance with the terms of an agreement said to have been entered into in 1911.

Proposed Consolidation.—In Sept. 1922 the Ill. Commerce Comm. approved the proposed merger of the Northwestern Elevated RR., the Metropolitan West Side Ry. and the South Side Elevated Ry., the principal operating cos., and the purchase by the consolidated cos. of the Chicago & Oak Park Elevated RR. at judiciary sale, as per plan outlined in V. 114, p. 2358. Under the plan the consolidated co. would acquire the property of the Oak Park Co. subject to lien indebtedness aggregating $5,157,862, by issuing $2,600,000 of its capital stock for the purpose of retiring receiver's ctfs. and by paying or assuming the remaining liabilities of the receiver and any unpaid costs and expenses of the receivership, estimated, after deduction of current assets of the receiver applicable to the payment thereof, at not more than $400,000. In addition, the following outstanding securities are to be surrendered and canceled:

Entire outstanding stock Northwestern Co. (par $100)	$9,890,800
Entire outstanding stock Metropolitan Co. (par $100)	16,170,300

ORGANIZATION.—Organized in 1911 to acquire stocks, bonds and other securities of the Metropolitan West Side Elev. Ry., Northwestern Elev. RR. and the South Side Elev. RR. ($21,202,312 being offered for the $36,294,900 stock of these companies—see offers in V. 92, p. 1498. All the stocks have been turned in, a small remnant of Northwest L pref. being bought in August 1913; V. 97, p. 728); also, if it so elects, the stocks of the Union Consol. Elev. Ry., Chicago & Oak Park Elev. *Ry.*, Chicago & Oak Park Elev. *RR.* and Chicago & Elmhurst Ry., which companies are controlled by the afore-mentioned companies. These roads operate about 196.33 miles of track.

In July 1914 the National City Bank offered the $14,000,000 gold notes (V. 98, p. 1992), the proceeds of which, together with the sale of $7,000,000 10-yr. 6% debentures and $12,500,000 bonds of the Northwestern Elev. RR. were used to retire the $30,000,000 3-yr. notes which matured July 1 1914, and to provide working capital. See below under "Default, &c."

Decision.—On Apr. 24 1914 the Supreme Court affirmed the decision of Judge Scanlon of the Circuit Court (V. 97, p. 1425) and dismissed the suit of State Attorney Hoyne against the Met. West Side, South Side and Union elevated railroad cos., alleging that they violated their State charter by issuing watered stock.

Default, &c.—The July 1 1919 coupons on the $7,000,000 6% debentures were not paid when due. V. 109, p. 370. Anticipating the default (V. 109, p. 370) made on the $13,626,000 2-yr. 5% secured notes (originally matured in 1916 but were extended to July 1 1919 at 6%) due July 1 1919, the following protective committee was organized and has called for deposits. For statement issued by the committee see V. 108, p. 2527. V. 114, p. 2115. Up to May 1922 over 85% of the notes had been deposited

Commercial Trust Co., Phila.; R. Floyd Clinch of Crerar, Clinch & Co., Chicago, with Stanley A. Russell as Sec., 55 Wall St., N. Y. City. Depositaries: National City Bank, N. Report by Stone & Webster on Physical Condition of System.—V. 109, p. 2355.

Valuation—In its order making permanent the 10 cent fare the P. U. Comm. found the value of the properties as of June 30 1919 to be $86,350,000. For details see V. 112, p. 1398.

Fares.—In Sept. 1918 applied to the Ill. P. U. Comm. for auth. to increase fares from 5 cents to 7 cents. The Comm., however, auth. the co. to charge only 6 cents, effective from Nov. 22 1918 to Dec. 31 1919. V. 107, p. 2008. Effective Aug. 8 1919, however, the Comm. auth. the co to charge an 8 cent fare in Chicago to continue until Feb. 1 1920. V. 109, p. 577. Effective Feb. 1 1920 the Ill. P. U. Comm. issued an order changing fares to 8 cents cash, with tickets at 7½ cents in Chicago. Ticket fare between Evanston and Chicago was raised to 12 cents. Effective Aug. 4 1920 was auth. by the P. U. Comm. to increase cash fares from 8 cents to 10 cents, with tickets at 4 for 35 cents. V. 111, p. 588. For results under 10-cent fare see V. 111, p. 1751, 1948. In Nov. 1920 the Supreme Court refused to grant a writ of injunction to enforce a return to a 5 cent fare, applied for by the State's attorney, thus affirming the Ill. P. U. Comm's authority to fix the rate of fare. V. 111, p. 1851. In Jan. 1921 the Ill. P. U. Comm. issued an order making permanent the 10 cent fare. V. 112, p. 161. See also V. 115, p. 988, 1428.

Stock.—Com. and pref. shares expressed at par value of $100 each. The pref. stock is redeemable at $100 and accrued dividends.

Notes.—Pending the formation of a concrete plan for the unification of surface and elevated lines and appropriate municipal action in the matter, the holders of $13,626,000 of the $14,000,000 5% notes due July 1 1916 consented to extending same to July 1 1919 (see above under "*Default, &c.*") at 6% interest, with a cash payment of $15 in respect of each $1,000 of extended notes (to provide which the trustees borrowed $1,300,000, giving their note therefor). In addition, the value of the security for the notes was materially increased and an agreement made with the Commonwealth Edison Co. whereby all claims for power supplied to the railroad cos. after June 30 1916 and until maturity of the extended notes will be assigned to a trustee and will be paid only if and as other floating debt of sub. cos. (except capital debt) is not increased. In case other collateral securities pledged for the extended notes shall upon sale prove insufficient to pay such extended notes in full, the said power claims then unpaid will be placed on a parity with the extended notes. V. 102, p. 2341; V. 103, p. 578. The notes are now secured by pledge of substantially all of the stock of the Northwestern Elev. RR., the Met. West Side Elev. Ry. and the South Side Elev. The equip. trusts as above are joint obligations of the Met., Northwestern and South Side Elev. cos. and not of the Chicago Elev. Rys. They are guar. by end. on each ctf. by the Met. West Side El., Northwestern El. and the South Side El. The Series "A" certfs. are due in s.-a. installments from Feb. 1 1917 to Aug. 1 1926, $102,000 each Feb. 1 and $103,000 each Aug. 1. OHIO TRACTION CO.

ORGANIZATION.—Incorporated in Ohio on May 22 1905 and owns practically the entire capital stock of the Cincinnati Traction Co. and Cincinnati Car Co. On July 6 1905 lease of the Cin. & Hamilton Trac. Co. was assigned to this co. by the Cin. Interurban Co. and the latter company placed in liquidation. This company also acquired the property of the Traction Building Co., which went into liquidation.

Refinancing Plan.—In Jan. 1920 the Ohio P. U. Comm. approved a modified plan of refinancing already approved by the stockholders which provided for (1) an issue of $3,750,000 7% Ohio Trac. Co. notes ($2,250,000 issuable immediately), to be retired in 3 years through a sink. fund; (2) an issue of $2,250,000 Cinc. Trac. Co. 25-yr. 6% debentures. These debentures were used to reimburse the Ohio Trac. Co. for moneys advanced the Cincinnati Trac. Co. for improvements and to provide for the $250,000 reserve fund required by the franchise ordinance. $2,000,000 of these debentures are held by the trustee as security for the issue of 3-year notes. The notes at maturity (Jan. 1 1923) were purchased by a syndicate of bankers and extended for a period of 9 mos. to Oct. 1 1923. V. 116, p. 410.

The proceeds of the sale of the notes were used to pay the city the deficit of $597,000 in franchise tax due it; to provide for the taking up of an issue of $233,000 outstanding notes; to pay off $1,073,000 in bank loans and to pay for impts. already made. V. 110, p. 77, 562.

The above plan permitted the co. to continue to operate on a 7-cent fare. Under the terms of the Cincinnati traction ordinance fares would automatically have increased to 7½ cents on Jan. 1 1920 had not this plan been adopted. V. 110, p. 77. Compare V. 109, p. 2171, 2356. See under Cincinnati Traction Co. below.

(1) The Cincinnati Traction Co.

ORGANIZATION.—Incorporated in Ohio on Feb. 19 1901 with an auth. capital stock of $2,000,000 (which, all except 11 shares, is owned by the Ohio Trac. Co.), to take over under lease the Cincinnati Street Ry. Co. See V. 72, p. 391.

Has 20-year contract, effective Sept. 1 1921, with Cincinnati Gas & Elec. Co., which supplies one-half the co.'s electrical requirements. V. 113, p. 531.

Franchise Ordinance.—On Aug. 23 1918 the Cincinnati City Council passed a revised franchise, which went into effect upon Sept. 23 1918. The franchise was signed by the Mayor, and thereby became a law, it having been decided that the revised franchise would not be submitted to a referendum vote. V. 107, p. 1191. The ordinance modifies the company's 50-year franchise granted in 1896 as permitted at the end of 20 and 35-year periods and contains the following main features: (*a*) City control over service, extensions and all features of operation. (*b*) A sliding scale of fares based on the cost of service with 5 cents as the initial fare with universal transfers. (*c*) Company is to establish a reserve fund of $400,000 through surplus earnings. When the reserve fund reaches $650,000 an automatic reduction of ½ cent in the rate of fare will take place. On the other hand if the reserve fund should be reduced to $250,000 the rate will automatically increase ½ cent. (*d*) A fixed return to the company on its investment (*e*) When the rate of fare is 5 cents or less the company may retain 45% of the surplus, the remaining 55% going to the reserve fund; when the rate is increased to 5½ cents the company's share of surplus will be reduced to 30%, and when 6 cents is reached the company may retain only 20%; when the rate of fare exceeds 6 cents the entire surplus is to go to the reserve. (*f*) Franchise tax of $350,000 per annum to be paid to the city. (*g*) City to have right to purchase the property of the Cinc. Trac. Co. and the Cinc. St. Ry. either by condemnation or at agreed valuation. For further details see V. 107, p. 802, 1003, 1287; V. 110, p. 561.

Fares.—On Jan. 1 1919 the original 5-cent fare provided for under the above ordinance being found inadequate, the rate was increased to 5½ cents, and on April 1 1919 the rate was increased to 6 cents, being the next higher scale under the above franchise ordinance. V. 108, p. 1274. On July 1 1919 the 6½-cent scale went into effect and on Oct. 1 1919 the fares were increased to 7 cents. V. 109, p. 370, 1179. A further increase in fares on Jan. 1 1920 was prevented by the adoption of the refinancing plan given under Ohio Trac. Co. above. V. 110, p. 77. On June 1 1920 fare was raised to 7½ cents ticket and 8 cents cash. On Sept. 1 1920, however, fares were raised to 8 cents. V. 111, p. 1082. On Dec. 1 1920 fares were raised to 8½ cents. V. 111, p. 1949. The co. announced a further advance to 9 cents, effective Mar. 1 1921, but was enjoined from putting the increased rate into effect by a temporary injunction obtained by the city. V. 112, p. 932.1865. Subsequently the City Council passed an ordinance modifying the co.'s franchise and as a result fares were reduced half a cent to 8 cents on Aug. 1 1921. The Superior Court ruled against petition for a referendum on the amended franchise ordinance. V. 112, p. 2747; V. 113, p. 531, 959, 1573. Compare V. 113, p. 416. Effective Nov. 1 1921, fares were further reduced from 8 to 7½ cts. V. 113, p. 1887. On Jan. 13 1922 the City Council passed another amended franchise ordinance similar to the previous one except that the 6 mos.' period during which the franchise tax was not to be considered a factor in rate-making is extended to one year. V. 114, p. 305. On Jan. 10 1923 City Council passed anothe ordinance deferring for 6 mos. payment of the $350,000 franchise tax V. 116, p. 515.

Ordinance Upheld.—On April 3 1919 Judge Frank R. Gusweiler in the Superior Court at Cincinnati upheld the city franchise ordinance. V. 108 p. 1511.

Taxpayers' Suit, &c.—On Mar 29 1921, a taxpayers' suit seeking the forfeiture of the co.'s franchise was filed in the Common Pleas Court. V. 112. p. 1616

Settlement with Interurban Ry. & Term. Co.—See V. 112, p. 2189.

(a) Cincinnati Street Railway.—Electric.

Was leased on Feb. 21 1901 to the Cincinnati Traction Co. for the unexpired term of the franchise granted by the City of Cincinnati on Aug. 13 1896, and all successive renewals and extensions of the same. The rental is intended to provide dividends of 5¼% for the first year, 5½% for the second, 5¾% for the third and 6% for the fourth year and thereafter. V. 72, p. 136. *Franchises*, it is claimed by company, mature April 22 1946.

Favorable Tax Decision.—In June 1915 the U. S. Circuit Court of Appeals at Cincinnati, reversing the lower court, held that the Government was obliged to return to the Cincinnati Street Ry., Dayton & Western Trac. Co., Columbus Newark & Zanesville Elec. Ry., Ft. Wayne Van Wert & Lima Trac. Co. and Indiana Columbus & Eastern Trac. Co. about $100,000 collected from these companies under the old Federal corporation tax law. The question at issue was whether these companies carried on business within the meaning of the law, having leased their properties to other corporations, and the only business done by them being to collect and pay out the rentals under the leases. The Court held that they transacted business only incidentally to that of the lessor companies. V. 101, p. 212.

CLEVELAND, OHIO.

CLEVELAND RAILWAY CO.

The receivers of the *Municipal Traction Co.* having been discharged and the debts of that company provided for, the Cleveland Ry. Co. on Mar. 1 1910 resumed possession of its lines under ordinance (see below) of Dec. 1909. V. 90, p. 626. The lease to *Municipal Traction Co.* was canceled of record.

Franchise Ordinance.—A new franchise ordinance (V. 89, p. 1667) was passed in Dec. 1909 by the City Council, and accepted by the railway co., based upon the valuation of the co's property as fixed by Judge Tayler. The ordinance grants franchises to operate on existing roads to May 1 1934, subject to the right of the city to purchase the property. In May 1919 the life of the ordinance was extended for 10 years, from May 1 1934 to May 1 1944. V. 108, p. 2122. In case of purchase the city must pay the capital value of said property, as fixed by Section 16 plus at the same time 10% of so much of the capital value as is represented by capital stock, assuming and agreeing to pay, in addition thereto, all the obligations, indebtedness and liabilities of the company, and all liens other than bonded debt upon its property then existing, which bonded debt the city shall provide for by assumption, by payment or by taking the property subject thereto, as may be provided by law at the time. On and after Jan. 1 1918 the city may designate a purchaser or licensee in place of the city on payment of same amount. On Feb. 17 1910 at a referendum election the electors ratified the ordinance (V. 89, p. 1667; V. 90, p. 167, 502). On July 10 1911 the City Council passed an ordinance amending that of Dec. 1909 providing, among other things, for additions to capital as required and particularly for the immediate expenditure of $2,500,000 for impts., extens. and equipt. The ordinance also provided that the right of the city to propose exten., betterm'ts or impts. shall terminate whenever the unexpired term or any renewal thereof is less than 15 years, and also that during such period the company may operate at the maximum rate of fare and fix the schedules subject to the police power of the city. Provision is also made for the use of surplus earnings during this 15-yr. period, either in the payment of floating debt or the creation of a s. f. to purchase securities and reduce capital value. At a referendum election on Nov. 7 1911, the electors ratified the ordinance amending that of Dec. 1909.

Has franchise in Lakewood, expiring May 1 1944, which provides for a 3-cent fare within city limits and a 5-cent fare to Cleveland, and gives the City of Lakewood the right to purchase the company's lines within the city, subject, however, to the option of the city of Cleveland to purchase the entire property of the company.

Valuation.—Judge Tayler placed the value of the physical property of the Cleveland Elec. Ry. Co. at $17,511,856 and the franchise value at $3,615,444; total, $21,127,700; agreed value of property purchased from Forest City Ry. Co., $1,805,600; total valuation, $22,933,300. To this is added $1,158,300 interest or rental accrued, making the entire "capital value" $24,091,600. The bonded debt of $8,128,000 and floating indebtedness as of Jan. 1 1908, $1,288,000, or $9,416,000 in all, is deducted, leaving $14,675,600. The valuation is to be increased for the purpose of fixing the price at which the city or its nominee may purchase the property by the amount of future requirements, including cost of new pay-as-you-enter cars and 75% of the cost of remodeling old cars as pay-as-you-enter cars.

Fares.—Fare to East Cleveland, beginning June 1 1923, is to be 6c. cash fare, 9 tickets for 50c., 1c. for transfer, no rebate. *Franchise* in East Cleveland as to rate of fare is subject to revision every 5 years. At no time shall the fare to East Cleveland be lower than that charged in the city of Cleveland. Fares in other suburbs, 5 and 6 cents, according to contracts. The company's schedules and routes are subject to the supervision of the city and the rates of fare to be fixed so as to net a return of interest as stated above on the capital value of the property and permit of the maintenance at all times of a so-called interest fund of at least $500,000. V. 89, p. 1667. When this amount falls to $300,000 this shall be prima facie evidence of the necessity of raising the fare to the next higher rate. The following schedules are provided for: (*a*) 6c. cash fare, 9 tickets for 50c., 1c. for transfer, no rebate; (*b*) 5c. cash fare, 5 tickets for 25c., 1c. for transfer, no rebate; (*c*) 5c. cash fare, 11 tickets for 50c., 1c. for transfer, no rebate; (*d*) 5c. cash fare, 6 tickets for 25c., 1.c for transfer, no rebate; (*e*) 4c. cash fare, 5 tickets for 20c., 1c. for transfer, no rebate; (*f*) 4c. cash fare, 7 tickets for 25c., 1c. for transfer, no rebate; (*g*) 4c. cash fare, 7 tickets for 25c., 1c. for transfer, 1c. rebate; (*h*) 4c. cash fare, 3 tickets for 10c., 1c. for transfer, no rebate; (*i*) 4c. cash fare, 3 tickets for 10c., 1c. for transfer, 1c. rebate; (*j*) 3c. cash fare, 1c. for transfer, no rebate; (*k*) 3c. cash fare, 1c. for transfer, 1c. rebate; (*l*) 3c. cash fare, 2 tickets for 5c., 1.c for transfer, no rebate; (*m*) 3c. cash fare, 2 tickets for 5c., 1c. for transfer, 1c. rebate; (*n*) 2c. cash fare, 1c. for tranfer, no rebate; (*o*) 2c. cash fare, 1c. for transfer, 1c. rebate.

Fare Decision.—For decision upholding 6-cent fare, see V. 113, p. 1771, but compare V. 115, p. 435, 1099.

On Dec. 14 1912 the Council of Cleveland passed an ordinance giving the company the right to transport freight within the city limits in interurban cars and to charge the interurban companies 25c. per car mile.

ORGANIZATION.—In 1908 changed name from the Cleveland Electric Railway Co. (which had in 1903 taken over the Cleveland City Ry.) to Cleveland Railway Co., and authorized new stock to the amount of $35,000,000. The old stock of Cleveland Electric Ry. was given a valuation of $55 per share, or $12,870,000 (having formerly been $23,400,000) and was paid for in new stock issued by Cleveland Railway at par ($100 valuation. The Forest City Ry. (which had first absorbed the Low Fare Ry.) was purchased for $1,805,600 stock of Cleveland Ry., the shares of the Forest City Ry. being accepted at their par ($100) value.

On Jan. 2 1917 a board of arbitrators authorized the co. to enter into an 18-year contract with the Cleveland Electric Illuminating Co. for the purchase of power, which was accordingly done

Operating Agreement.—On Oct. 1 1919 the company entered into an operating agreement with the Cleveland Interurban Ry., running from 2 to 3 years. V. 111, p. 588.

Increased Interest on Capital Stock Voted Down.—The Cleveland City Council on Dec. 29 1919 formally granted an increase in the company's interest rate from 6 to 7% in accordance with the recommendations (V. 339 p. 2262; V. 110, p. 261) of the three arbiters who conducted an inquiry into this question. On Aug. 10 1920, however, this question was submitted to a referendum vote and defeated. V. 111, p. 692, 1565. Compare V. 110, p. 2387; V. 111, p. 389.

The company on April 1 1920 paid 1¾%, but subsequent int. payments are being paid at the old rate of 1½% quarterly. The city has brought suit to compel the company to pay back into the interest fund the $72,000 paid out in int. over the regular rate on April 1 1920. V. 111, p. 1182, 1277, 1565. In April 1923 the case was pending.

The plan further provides for the extension of a number of existing issues for 30 years at 6% and for the exchange of other issues for securities of the two new cos. In Feb. 1919 the co. announced that as it was practically impossible to refund the $127,000 Clev. Ber. Elyr. & Oberlin cons. These were further extended to Feb. 1 1923 at 7%.

LAKE SHORE ELECTRIC RY.—

ORGANIZATION.—The Lake Shore Electric Ry. was incorporated on Sept. 25 1901 under laws of Ohio as a consolidation of the Lorain & Cleveland Ry., the Sandusky & Interurban Ry. the Sandusky Norwalk & Southern Ry. and the Toledo Fremont & Norwalk RR V. 73, p. 784. About half the road is built on private right of way. In Nov. 1917 the city of Lorain granted a new franchise to the co. and its subsidiary, the Lorain St. RR., which was rejected on the ground that the fare rate of six tickets for 25 cents was insufficient for profitable operation. On Mar. 22 1918 the Lorain St. RR. obtained a new 25-year franchise which provides for a straight 5-cent fare, and on Mar. 27 1918 a 25-year franchise was granted to the Lake Shore Elec. Ry. In Jan. 1920 the Norwalk City Council granted the co. a new 25-year franchise. V. 110, p. 167.

Controls the Lorain Street RR. and the Sandusky Fremont & Southern Ry., which see below. Also controls the People's Light & Power Co. and the Bellevue Illuminating & Power Co. On Aug. 1 1918 purchased 50% of the capital stock of the Ohio State Power Co. (The other 50% is owned by the Amer. Gas & Elec. Co. of N. Y.) In 1907 made contract to supply power to the ToledoFindlay& Fostoria and several other roads V.85,p.1646.

In 1910 charter was amended so as to transform the then existing 5% cum. pref. stock of $3,000,000 into $1,000,000 6% cum. 1st pref. and $2,000,000 5% non cum. 2d pref. stock; V. 90, p. 698. At the same time accumulated dividends on the old pref. stock (part of which had been issued later than the rest) were adjusted. V. 90, p. 1170, 1296; V. 91, p. 790. In Jan. 1915 the articles of incorporation were amended to enable the company to sell and distribute electricity for light, heat and other purposes in certain localities.

The Ohio Utilities Comm. has from time to time authorized the company to sell additional gen. mtge. bonds, aggregating $428,000, which have been issued and are held in treasury. On Feb. 10 1915 increased authorized amount of 1st pref. stock from $1,000,000 to $1,500,000.

Fare Increase.—In July 1918 was authorized by the Ohio P. U. Comm. to increase the mileage charge, effective Aug. 1 1918. V. 107, p. 402. On Aug. 9 1920 the Sandusky City Comm. auth. the co. to increase fares to 6 cents, tickets to be sold at 5 for 25 cents. The co. had applied for a 7-cent fare. V. 111, p. 792.

The Toledo Fremont & Norwalk RR. 1st M. 5s due Jan. 1 1920 were extended to Jan. 1 1925 at 6½%, the extended bonds being red. at par and int. on any int. date on 60 days' notice. Receivership.—On Jan. 25 1921 B. J. Jones, of Columbus, former Gen Mgr., was appointed receiver for the company by Federal Judge Killits V. 112, p. 470.

Settlement of Small Claims, &c.—See V. 114, p. 198.

Leases Abrogated.—On Aug. 5 1921 Judge Killits, in the Federal Court at Toledo, issued an order abrogating the leases of (*a*) Indiana Columbus & Eastern Trac. Co.; (*b*) Columbus Newark & Zanesville Electric Ry.; and (*c*) Fort Wayne Van Wert & Lima Trac. Co.; and absolving the company of all liens, demands and claims for rentals by the sub. cos. These companies have since been separately operated. V. 113, p. 850. Compare V. 112, p. 2749; V. 113, p. 629.

Foreclosure Proceedings.—On June 24 1921 the Fidelity Trust Co., Phila., filed a petition in the Federal Court at Toledo, requesting the sale of practically all the lines and equipment of the company to satisfy alleged obligations on $5,000,000 of mortgage bonds on which interest has been defaulted. V. 113, p. 72.

Sale.—The company, including the holdings in Lima, O., was sold at public auction Aug. 15 1922 for $2,000,000 to Thomas Newhall, Philadelphia, representing the bondholders. The holdings include the street car system in Lima, the power and electric light plants of that city and the interurban line operating between Toledo and Lima. V. 115, p. 869, 1942. The street car system in Lima was transferred to the *Lima City Street Ry. Co.* incorp. in Ohio in Aug. 1922. The capitalization of the new street railway co. will consist of $350,000 bonds and $380,000 stock. The interurban line from Lima to Toledo is to be taken over by the *Lima-Toledo RR. Co.* The power and electric light plants in Lima were sold to the Ohio Power Co., which paid $250,000 cash for the property and which in addition is to assume $1,250,000 bonds and $200,000 in prior liens. For further details see V. 115, p. 2047, 2686.

ORGANIZATION.—Incorp. May 16 1907 in Ohio. On Aug. 31 1907 purchased the Lima & Toledo Traction Co., which owned the line from Lima to Toledo, and on Dec. 31 1909 purchased the Lima Elec. Ry. & Lt. Co., which operates in the city of Lima. On Aug. 31 1907 leased the Ft. Wayne Van Wert & Lima Trac., with a line from Lima, O., to Ft. Wayne, Ind. A new lease was made in 1916, but was abrogated by order of Federal Court on Aug. 5 1921. Also acquired by lease the Indiana Columbus & Eastern Traction (terminated Aug. 5 1921), which company assigned to it the leases of Col. Newark & Zanesville Elec. Ry. (terminated Aug. 5 1921) and Dayton & Western Trac. The last named was terminated in April 1920. V. 110, p. 2193. On Feb. 1 1908 purchased the Cinc. Northern Trac. (subsequently dissolved) and acquired from that company its lease of Cinc. Day. & Tol. Trac. (sold under foreclosure June 30 1917), now under control of and operated by Cincinnati & Dayton Trac. Co. (which see).

Including city lines in Zanesville, Newark, Lima and other points, operating mileage is 82.91 miles extending from Zanesville on the east via Newark to Columbus (including line from Columbus to Orient and Buckeye Lake and Newark to Granville branches), thence through Springfield to Dayton, where connection is made with the Cincinnati & Dayton Trac. Co., and from Dayton to Union City, where connection is made with Union Traction Co. of Indiana for Muncie, Anderson and Indianapolis, Ind., extending north from Springfield through Urbana and Bellefontaine to Lima, and from Lima to Defiance; to Toledo, O., and Ft. Rather than foreclose the mtges. on which int. is in default (see above), the bankers entered the active management of the company, through Day & Zimmerman, in complete understanding with Pres. W. Kesley Schoepf, and the interests which he represents. V. 110, p. 1643.

Committee for S. O. T. Co. 1st Cons. 5s.—Chairman, R. M. Stinson Livingston E. Jones, G. M. Cummings, and Edward E. Newman, Sec. Depositaries: Cleveland Trust Co. and Girard Trust Co. The May 1 1919 interest had not been paid to Nov. 1 1919, at which time the period of grace provided for in the indenture expired and as a result of this default the committee requested the trustee to apply for a receiver and to file a bill of foreclosure For details see V. 109, p. 1986

Foreclosure Proceedings.—The Cinc. & Ham. Elec. 1st mtge. 6s being in default of prin. and int. from July 1 1918, the trustee has brought suit in foreclosure jointly with the trustee of the overlapping mtge. securing the Southern Ohio Trac. 1st cons. 5s upon which the May 1 1919 int. is in default. On Sept. 28 1920 a decision was rendered in effect that neither Southern Ohio Traction mortgage nor underlying issues cover (1) the power house, (2) the terminal from College Hill into Cincinnati: but only main line from Dayton to College Hill. Neither do the mortgages cover equipment. Mortgagors can, if they elect, have a receiver appointed for the property covered by mortgage. This leaves the co in complete possession of power house, terminal and rolling stock. A rehearing on error was asked. V. 111, p. 1565. In Dec. 1920 the court ruled that transmission lines are a part of the power house and are not covered by mortgage For further rulings of the Court regarding liens, &c., see V. 111, p. 2423. In May 1921, however, the Court of Appeals at Cincinnati, it was reported, handed down a decision holding that the underlying bondholders are entitled to have their rights restored to the condition they were in when the system was operated as the Cinc. Dayton & Toledo Trac. Co., or to have such an interest in the new power house as would equal the cost of such restoration. V. 112, p. 1977. A final appeal was taken to the Supreme Court. See also V. 113, p. 2078. For statement regarding final decree see V. 113, p. 2613.

Defaults.—As of Oct. 1 1921 the company was in default of principal and interest on the Southern Ohio Trac. 1st cons. 5s, the Cinc & Hamilton Elec. 1st 6s and the Dayton Trac. Co. 1st 5s. Regarding the $250,000 5% bonds of the Hamilton & Lindenwald Elec. Trans., due July 1 1922, W. E. Hutton & Co. in July 1922 stated: "These bonds are 1st mtge. on Hamilton, O., city lines, on which the Southern Ohio Trac. Co. bonds are 2d mtge. and Cin. & Dayton Trac. Co. are 3d mtge. The entire matter now tied up in court, nothing can be done until court hands down decision." V. 115, p. 307.

Wages Reduced.—V. 112, p. 2642; V. 113, p. 70.

ORGANIZATION.—Incorporated under the laws of New Jersey on March 11 1902 and purchased all the stock of the Union Light, Heat & Power Co. of Covington and of the Cincinnati Newport & Covington *Railway*. V. 74, p. 576. The latter was organized in 1892 to buy up and consolidate all the roads on the Kentucky side of the river opposite Cincinnati.

Prior to July 1 1922 the South Covington & Cincinnati St. Ry. Co., a Ky. corp. (formerly one of the constituent cos. of the Cinc. Newport & Cov. Ry. Co., an Ohio corp.) acquired direct ownership of all the street railway properties formerly owned by the Cinc. Newport & Cov. Ry. Co. and its subsidiaries (except the Cinc. Cov. & Rosedale Ry. Co. and the Cinc. Cov. & Erlanger Ry. Co., whose stock it acquired) and changed its name to the Cincinnati Newport & Covington Ry. Co.

Lease.—The Union Lt., Ht. & Power Co. and the Cinc. Newp. & Cov. Ry. (both controlled through stock ownership by the Cinc. Newp. & Cov. Lt. & Tr.) were leased from Apr. 1 1907 to Columbia Gas & Electric Co. (incorporated in Ohio) for 45 years. The lessee guarantees interest on bonds and 4½% per annum on preferred stock. On common, dividends are to be 3% for first year, increasing ½% each year until 6% is reached, which is to be the rate thereafter. See V. 84, p. 449, 930; also terms in V. 84, p. 1489, under Columbia Gas & Electric. Under agreement ratified in July 1915 the exts. and add'ns to Union Lt., Ht. & P. Co.'s property are to be paid for by the issue of new 50-year 5% bonds (see below) instead of by sale of stock of the Cincinnati company as provided under the old agreement. V. 101, p. 694. The co. leases jointly with the Western Union Telegraph Co. for a period of from 20 to 30 years, the Dixie Terminal Bldgs., which opened for service on Oct. 22, 1921.

The controlled Cincinnati Covington & Erlanger St. Ry., which was incorp. Sept. 1899 with $250,000 stock (shares $50), to build an extension to Erlanger, 7¼ miles (about 3 miles completed) has been leased to the Columbia Gas & Electric.

The Fort Mitchell Erlanger & Elsmere Trac. Co., which is to build a line from Mitchell to Erlanger, about 3¼ miles, will, it is stated, be leased to the South Covington & Cincinnati St. Ry. (now Cinc. Newp. & Cov. Ry.). V. 115, p. 988.

Franchise Decisions.—See "Elec. Ry. Supplement" of Oct. 28 1922.

In July 1922 $3,709,000 Cinc. Newp. & Cov. Ry. 1st & ref. mtge. 6% bonds were brought out, proceeds being used to refund $2,850,000 1st mtge. 5s and $859,000 2d mtge. 5s due at that time and for impts., exts. and add'ns. V. 115, p. 182.

(1) Denver & Northwestern Ry.—A holding company.

ORGANIZATION, &c.—In Mar. 1913 a syndicate headed by Boettcher, Porter & Co. of Denver acquired a controlling interest through purchase of the stock (about $1,600,000) held by Marsden J. Perry of Providence, this purchase making its total holdings about a 75% int. V. 96, p. 863. This company, since the plan in V. 98, p. 1156, went into effect, is simply a holding company, practically its only asset being the $9,791,700 common stock of the Denver Tramway Co., which is pledged as security for the $6,000,000 1st & Coll. bonds of this co., and its only liability being $6,000,000 of its capital stock outstanding in the hands of the public, the payment of its bonds having been assumed by the Denver Tramway Co.

(2) Denver Tramway Co.—*Operating Company.*

The Denver & Northwestern Ry. owns $9,791,700 of the common stock.

Receivership.—On Dec. 24 1920 Ernest Stenger, Pres. & Gen. Mgr., was appointed receiver for the company on application of the Westinghouse Elec. & Mfg. Co. V. 112, p. 61.

Foreclosure Proceedings.—In April 1923 a petition was filed in the Federal Court at Denver by the Bankers Trust Co., N. Y., trustee of the 1st & ref. bonds, to foreclose the mortgage. V. 116, p. 1760.

ORGANIZATION.—Incorp. March 30 1914 in Colorado as successor to the Denver City Tramway Co., which had previously absorbed the Denver Tramway Power Co. and the Denver Tramway Terminals Co. Owns entire $500,000 stock of the Consolidated Securities & Investing Co. (incorp. on the same date to succeed the Denver Realty Co., Boulevard Real Estate Co. and Denver Excursion Co.), which in turn owns all the outstanding stock and bonds of the Denver & Inter-Mountain RR. See plan of reorganization under "Denver & Northwestern Ry." in V. 98, p. 1156.

Franchises.—Operates within the city of Denver under a general franchise granted Feb. 5 1885. Also under a 20-yr. grant voted by tax-paying electors of the city in May 1906, which authorizes it to maintain three-rail tracks, gauges 3 ft. 6 in. and 4 ft. 8½ in., over all its present lines within the city and permits the construction of certain viaducts and extensions. See decision in V. 84, p. 220. Under decision of the U. S. Circuit Court of Appeals on Nov. 11 1912 the franchise of 1885 was held valid, the Court deciding that in view of the franchise of 1906 it was unnecessary to pass upon the duration of the older franchise at that time. The company claims that its franchise is perpetual. See decision in V. 95, p. 1472.

Valuation.—In connection with fare hearings the co., in Nov. 1918, placed the reproduction cost of its properties at $26,772,888, as of Dec. 31 1917. The P. U. Comm.'s valuation of the same properties (in this case "going value" and items for gravel beds and water rights included in the co.'s figure were not taken into account) fixed the reproduction cost at $19,495,374. Compare annual report for 1918 in V. 109, p. 1887.

Fares.—See "Electric Railway" Supplement of Oct. 28 1922.

In March 1919 the company announced its inability, caused by abnormal conditions, to take up or refund the $2,000,000 1st M. 5s of the Denver City Tramway Co. due April 1 1919. The co. therefore arranged for an extension of these bonds at 6% to April 1 1924. The extended issue is redeemable as a whole at 102½ on any interest date. V. 108, p. 1060.

The $2,500,000 conv. 6% bonds of the co. due April 1 1919 were exchanged for an issue of 3-year 7% coll. trust notes due April 1 1922. These were not retired at maturity but are still outstanding. V. 114, p. 1890.

Interest Payments.—In March 1921 Federal Judge Lewis ordered the receiver to pay the int. on the following bond issues: (*a*) the April 1 1921 int. on (1) $2,000,000 Denver City Tram. purch. money ext. 6s; (2) $1,167,000 Denver Consol. Tram. Cons. Mtge. 5s; (3) $884,000 Denver Tram. Power 1st Impt. Mtge. 5s; (*b*) the March 1 1921 int. on the $1,033,000 Denver Tram. Terminals 1st mtge. 5s. V. 112, p. 1399.

As of April 1 1922 we were advised that int. was in default on the Denver & Northwestern Ry. Co. 1st & coll. mtge. 5% bonds., the Denver City Tramway 1st & ref. mtge. 5% bonds and the Denver Tramway Co. 7% coll. trust notes. V. 114, p. 1890.

Holders of Denver Tramway Power Co. 1st Impt. Mtge. 5% bonds, due Apr. 1 1923, were asked to extend same for 1 year to Apr. 1 1924 at 6% p.a., subject to the right of the co. to redeem the entire issue at par and int. on 30 days' notice. V. 116, p. 1176.

DULUTH, MINN.

DULUTH-SUPERIOR TRACTION.—Trolley.

ORGANIZATION.—Incorporated in Connecticut in 1897. Owns entire stock of the Duluth Street Ry., the Lakeside Street Ry. and the Superior Rapid Transit. The corporate existence of the Duluth Street Ry. is maintained, but all of its stock ($2,000,000 authorized, $1,800,000 outstanding) is held by the Duluth-Superior Traction. This latter company has no bonded debt. The Duluth Street Ry. was organized under Act of Minnesota approved Nov. 17 1881 and possesses "an exclusive franchise" which runs until 1931. See decision with regard to franchises in Superior in V. 80, p. 1911. On Dec. 18 1918 the company surrendered its franchise to operate in Superior and in 1921 its Duluth franchise; the system now being operated on the indeterminate permit basis under which the State, instead of city officials, has jurisdiction over the co. V. 107, p. 2476. See also V. 112, p. 2082. On Sept. 1 1917 the Duluth St. Ry. acquired the 3½-mile line of the Park Point Trac. Co. of Duluth, Minn. V. 105, p. 180. The Duluth-Superior Bridge between Duluth, Minn., and Superior, Wis., is used by the railway but is a separate corporation, and has issued 1st M. bonds for $650,000 and 2d M. bonds for $300,000.—see bridge items. V. 63, p. 310, 504.

On June 21 1920 another plan for municipal ownership as well as an ordinance providing for a 6-cent fare, was voted down at a special election. V. 111, p. 73. See also V. 111, p. 692.

Fares.—On July 13 1922 the RR. & Warehouse Comm. of Minn. filed an order effective Aug. 1 1922, fixing the valuation of the property of the co., comprising the Duluth, Minn., Div., and fixing a rate of fare of 6 cents cash, 5 tickets to be sold for 25 cents. The co. appealed from this order to the U. S. Dist. Court, which Court issued an order restraining the Comm. and the city of Duluth from interfering with the co. collecting a straight 6-cent fare after Aug. 1 1922, until final determination of the appeal. Later the city of Duluth applied to the Court for a modification of its order, and the former order was amended to provide that after Sept. 7 1922 the cash fare should be 6 cents, but the co. was required to sell 5 tickets for 30 cents, with a 5-cent rebate coupon attached, pending final decree of the Court. V. 115, p. 1209. On Sept. 1 1921 the Wisc. RR. Comm. ordered a 6-cent cash fare with 6 tickets for 35 cents in the city of Superior.

(a) Consumers' Power Co.

All the common stock is owned by Commonwealth Power Corp.

ORGANIZATION.—Incorp. in Maine in 1910, and in Nov. 1914 merged the following 11 companies (previously controlled by stock ownership). Commonw. Power Co., Grand Rapids-Muskegon Power Co., Grand Rapids Edison Co., Flint Elec. Co., Saginaw Power Co., Bay City Power Co., Pontiac Power Co., Consumers' Power Co. (Mich.), Economy Power Co., Au Sable Electric Co. and Central Power Co.

This merger made the Consumers' Power Co. (of Maine) an operating company instead of a holding company and on July 20 1915 it was granted a certificate of authority to do business in Michigan. V. 99, p. 1528, 1597; V. 101, p. 369. At the same time the RR. Comm. approved the then outstanding issues of common and preferred stocks and 1st lien and ref. 5% bonds and authorized the company to issue additional bonds from time to time upon procurement or retirement of the underlying bonds shown in the table. V. 101, p. 369. In Jan. 1916 acquired the Cadillac Water & Lt. Co. and the electric property of the Manistee Power & Lt. Co., and in Nov. 1922 purchased the property of the Cadillac Lt. & Power Co. V. 115, p. 2384. Early in 1923 acquired the stock of the Thornapple Gas & Elec. Co., and is reported to have purchased the property of the Central Michigan Lt. & Power Co. V. 116, p. 1416.

Amalgamation.—In Jan. 1920 a plan for the amalgamation of the Michigan Light Co. with this co. was put into effect. Under this plan the holders of both the com. and pref. stocks of the former co. exchanged their holdings (par for par) for stock of the latter. This was done in order to enable the cos. to obtain necessary capital for their respective needs. V. 110, p. 261.

In Oct. 1922 brought out $14,000,000 1st lien & unifying mtge. 5% bonds, Ser. "C," proceeds being used to retire $11,545,000 funded debt bearing 7% int. (incl. $5,045,000 Ser. "A" and $4,000,000 Ser. "B" gen. & ref. mtge. bonds and $2,457,000 serial debentures; these issues have been eliminated from the table below), to acquire new property and for improvements. V. 115, p. 1842.

(2) For $10,381,000 Michigan United Rys. 1st & ref. mtge. 30-yr. 5s, to each depositing bondholder an amount equivalent to 50% of the face value of bonds (pref. stock to be issued for remaining 50% and accumulated int.), $5,190,500.

(Pennsylvania incorporation) and deposited the same, together with $140,000 (entire issue) of the Lehigh Traction Co.'s 5% certificates of indebtedness and $926,200 of the $1,000,000 stock of the Lehigh Traction Co. as security for the Wilkes-Barre & Hazleton Railroad Co. issue of first collateral trust mortgage 5% gold bonds. V. 72, p. 1281. *Franchises* are 999 years in and around Hazleton and perpetual from Hazleton to Wilkes-Barre.

Interest on Bonds.—The May 15 1914 interest on the collateral trust mtge. of 1901 due May 15 1951 was not paid when due. In lieu of paying the interest bondholders were requested to surrender their coupons, due May 15 1914 to Nov. 15 1916, and in return the company issued non-interest-bearing certificates for the coupons as they become due. See V. 98, p. 1539. The default was the result of a strike of the employees of the Lehigh Traction Co., a subsidiary. The interest due May 15 1914 was paid June 15 1916, and that due Nov. 15 1914 was paid Nov. 20 1916. A supplemental agreement, dated Feb. 15 1918, was made between the company and the bondholders by which the remaining unpaid past-due coupons were extended for

a further period of five years, or a total of eight years from the date on which they originally fell due. Coupons affected are those for May 15 1915, Nov. 15 1915, May 15 1916 and Nov. 15 1916. Subsequent int. paid when due. Coupons on the coll. trust mtge. of 1905, due Oct. 1 1945, were similarly treated, but in this case the coupons extended were those due Oct. 1 1915, April 1 1916, Oct. 1 1916 and April 1 1917. In Oct. 1922 the company offered to holders of the extended coupons of both issues of coll. trust bonds 6% non-cum. pref. stock of the company in exchange for the unpaid coupons to the aggregate amount of the latter at pat. We have no nformation as to amount accepting this offer.

INDIANAPOLIS STREET RAILWAY CO.

The Terre Haute Indianapolis & Eastern Traction Co. owns the $1,000,000 com. stock.

ORGANIZATION.—Incorp. in Indiana on June 30 1919. Is consolidation of the *old* Indianapolis Street Ry. Co. and the Indianapolis Traction & Terminal Co. (For separate history of each of these cos. up to time of consolidation see the "Electric Railway Supplement" of March 29 1919.) The consolidation was effected as per plan in V. 108, p. 2329 subject to conditions stipulated by the Ind. P. S. Comm. as outlined in V. 109, p. 172. On Aug. 29 1919 the Federal Court approved this consolidation and dismissed the suit brought by certain minority stockholders against same. V. 109, p. 982.

Interurban railways enter the city under agreements by which they pay 3 cents per passenger for all passengers carried in the city limits and an additional 1 cent for those us ng the terminal station. V. 81, p. 264. In 1921 the co. surrendered its franchise to the city of Indianapolis and now operates under an indeterminate permit. V. 112, p. 2748.

Guarantees the ($400,000) bonds of Broad Ripple Traction Co., and owns 75% of its stock.

Tax Decision on Sink. Fund Bonds.—See V. 111, p. 692.

Valuation.—See V. 112, p. 161.

Tax Suit.—In Feb. 1922 the co. filed a demurrer to a suit to recover for the city of Indianapolis the balance of the 1921 franchise taxes and the penalties amounting, it is stated, to $500,000. The co. contends that its action in surrendering its franchise and obtaining an indeterminate permit from the P. S. Comm. had the effect of extinguishing the obligation. V. 114, p. 626. Compare V. 114, p. 306.

Fares.—On Dec. 28 1918 the Ind. P. S. Comm. auth. the co. to charge a straight 5c. fare under an emergency clause. In Nov. 1920 the co. applied for auth. to charge 2 cents for transfers. V. 111, p. 2041. Effective Dec. 20 1920, the Comm. auth. a 1-cent transfer charge. V. 112, p. 161. In April 1921 the co. was auth. to charge a cash fare of 6 cents or 20 tickets for $1 and 1 cent for transfers. V. 112, p. 1740. On June 1 1921, however, a straight 5-cent fare with a charge of 2 cents for transfers was put in effect. V. 112, p. 2537. See also V. 113, p. 848. In Oct. 1922 applied to Indiana P. S. Stock.—Preferred stock is pref. as to assets and divs. It is stated that the common stock will be allowed no voting power unless the pref. divs. are paid in full.

Bonds.—The cons. mtge. bonds are limited to an auth. issue of $15,000,000 up to April 7 1933, after which, the auth. amount may be increased to $25,000,000, incl. the divisional bonds, if any, then outstanding, and such excess of $10,000,000 bonds may bear such rate of interest, not exceeding 6% p. a., and be used for any proper corporate objects and purposes of the consolidated co. The $15,000,000 now authorized will bear int. at not exceeding 6% and shall be issued only for addns. and betterments to and exts., acquisitions and replacements of lines of street railroad which become a part of the street railroad system of the consolidated company in Indianapolis and its vicinity. Bonds shall only be issued to the amount of par value of bonds of the three divisional issues which have been or shall be taken up and canceled by sinking fund payments, so that at no time while any of divisional bonds are outstanding (unless their present dates of maturity shall be extended), shall the aggregate amount of [new and old] bonds secured by mortgages on the property exceed $15,000,000. But notwithstanding the foregoing, provision may be made in the mortgage for the issuance of bonds to refund the existing mortgage indebtedness, or any part thereof [at maturity]. All bonds issued for refunding shall be subject to be taken up and canceled by the sinking fund provisions which were applicable to the refunded bonds in their original form, and when so taken up and canceled, original bonds may be issued in substitution therefor, which, or the proceeds thereof, shall be used only for permanent impts. and betterments. Provision may be made in said mortgage that the maturity of any outstanding bonds which become due on or before April 7 1933 may be extended to such date as may be determined by the Board at not exceeding 6% interest if permitted by law.

The lien of the several underlying mortgages is confined to the property and interests upon which each was a lien prior to consolidation and does not extend to any other property of the consolidated company, except as "general debts," without priority after satisfying of the mtge. liens thereon.

The Ind. Trac. & Term. bonds have a sinking fund which provides for the payment annually of 1 1-5% of bonds outstanding. See V. 76, p. 1085. Bonds may be drawn for sinking fund at 102½ and int. and are subj. to call at that price. See V. 81, p. 264. $1,167,000 in sinking fund canceled. The Ind. St. Ry. bonds have a *sinking fund* sufficient to redeem at maturity the greater part of the entire issue. $1,013,000 in sinking fund canceled. The divisional bonds in the *sinking funds* at the time of consolidation were canceled so that they could no longer draw interest and payments to the sinking funds suspended until 1923. All future sinking fund payments are to be applied to the cancellation of bonds. Equipment certificates. Series "D" mature $5,000 on June 1 and Dec. 1 each year until paid. Covers 25 new cars. $90,000 have been retired. Series "E" mature $6,000 or $7,000 on June 1 and Dec. 1 each year. They cover 25 cars. $74,000 have been retired. The Ind. Car Equip. Co. 1st pref. stock was used to purchase 25 cars. The stock matures $10,000 semi-ann. V. 109, p. 1700. Bonds are listed on Phila. Stock Exchange. V. 69, p. 851.

Dividends.—Divs. of 6% (1½% quar.) were paid on pref. stock to and incl. Mar. 1921. None to Sept. 1 1922, when 1½% was paid. Divs. of 1½% quar. paid regularly since.

Fares, &c.—On June 2 1918 was auth. by the Mo. P. S. Comm. to increase fares from 5 cents to 6 cents, effective July 15 1918 for one year. On Sept. 7 1918 Chief Justice Bond in the Missouri Supreme Court overruled the action of Circuit Judge John G. Slate (who refused to permit the co. to file a supersedeas bond in the 6-cent fare case, thus giving the city a 5-cent fare,) and auth. the co. to continue charging a 6-cent fare, pending final decision by the State Supreme Court. V. 107, p. 1192. This decision was handed down on Dec. 31 1918 and upheld the ruling of the Mo. P. S. Comm. V. 108, p. 171. The city appealed to the U. S. Supreme Court, but on Nov. 10 1919, that court upheld the ruling of the lower court. V. 109, p. 1891. On July 11 1919 the Mo. P. S. Comm. auth. the co. to continue the 6-cent fare, pending investigation by the Comm. of the cos. application for auth. to charge a 10-cent fare with tickets at 2 for 15 cents. V. 109, p. 270. On Aug. 20 1919 the co. was auth. by the Mo. P. S. Comm to increase fares from 6 to 7 cents. On Dec. 14 1919 the Mo. P. S. Comm auth. the co. to increase fares from 7 to 8 cents, tickets to be sold at 2 for 15 cents and 5 for 35 cents. See also V. 111, p. 2520; V. 113, p. 2080. Effective May 18 1922, the 8-cent fare in Kansas City was extended for six months by the Missouri P. S. Comm. V. 114, p. 2580. In Nov. 1922 was again extended by the Commission for an additional six months' period. V. 115, p. 2478. Effective Jan. 2 1920, Federal Judge John C. Pollock authorized an increase in fares in Kansas City, Kan., from 6 to 8 cents. The order restrains the Kansas P. U. Comm. from enforcing its 6-cent fare order and enjoins interference with the collection of 8-cent fares. V. 110, p. 167. The Kansas P. U. Comm. has appealed to the U. S. Supreme Court.

In April 1920 the Mo. P. S. Comm. denied the co's. application for auth. to increase fares from 5 to 8 cents in Independence. Auth. to increase fares to 10 cents between Kansas City and Independence was granted, effective April 1 1920. V. 110, p. 1526.

Jitney Regulation.—On Mar. 21 1921 the City Council passed an ordinance prohibiting the operation of jitneys on streets where electric railways operate. V. 112, p. 1399. An ordinance became effective Aug. 12 1921 requiring the consent of a majority of property owners on proposed jitney routes before such routes are established. V. 113, p. 848.

In Feb. 1918 the Mo. P. S. Comm. auth. the co. to issue $1,151,830 additional capital stock, representing improvements made since May 1 1915. Up to Oct. 11 1922 this had not been issued

On Aug. 27 1919, Eastern bankers loaned the co. $1,000,000 on the personal endorsement of J. Ogden Armour.

The $1,000,000 6% ser. "A" coll. notes due Dec. 1 1919 were not paid when due, nor has any int. been paid on same since June 1 1919. V. 111, p. 1278, 1752.

The $7,750,000 7% coll. notes due May 15 1921 were not paid at maturity. V. 112, p. 2083.

Interest Payments.—The July 1 1919 int. on the co's. 1st and 2nd mtge. bonds was paid Aug. 28 1919. V. 109, p. 982. Compare V. 109, p. 173. Subsequent int. not paid when due. V. 109, p. 1986. On May 1 1922, however, the general protective committee ceased to serve as such in connection with the 3-yr. 7% coll. notes, 2-yr. 6% coll. notes and 2d mtge. bonds, so as to confine its representation to the 1st mtge. bonds of the co. NEW YORK & QUEENS COUNTY RY.

32,048 shares out of total issue of 32,350 is owned by the Interborough Rapid Transit Co., which also owns one-half of the stock of the Long Island Electric Ry and the New York & Long Island Traction.

Receivership.—Following the announcement that the Interborough Rapid Transit Co. would no longer advance funds to the co. to meet deficits, &c., Gen. Lincoln C. Andrews was appointed receiver for the co. on Jan. 18 1923 by Justice James C. Van Siclen in the Supreme Court, Long Island City, on petition of the Bankers Trust Co., trustee for the outstanding bonds. This receivership does not include the so-called Steinway lines (see below under caption "Receivership of Steinway Ry."). V. 116, p. 296.

Receivership of Steinway Ry.—On Apr. 27 1922 Justice Callaghan in the Queens County Supreme Court appointed S. W. Huff and R. C. Lee receivers for Steinway Ry. upon application of Guaranty Trust Co., trustee under 1st Mtge. of the Steinway Ry., int. on which was defaulted. The order provided that the receiver take over only the property which originally belonged to the Steinway Co. (V. 114, p. 1891). The receivers put into effect a separate 5-cent fare on that part of the system against the orders of the Transit Commission, but the action of the receivers was sustained by the Court. V. 114, p. 2116, 2360.

ORGANIZATION.—Incorporated June 29 1896 and reorganized on June 30 1899. Purchased the various lines of railroad in Long Island City known as the Newtown Ry. Co., the Riker Ave. & Sanfords Point RR., the Steinway Ry., the Long Island City & Newtown Ry. and the Flushing & College Point Ry. In May 1902 the Queens Ry. was consolidated with it, and thereupon increased its stock from $2,500,000 to $5,000,000. The Queens Ry. succeeded to the property sold at foreclosure of the New York & North Shore Ry., comprising a line of 6 miles from Flushing to Jamaica, with franchises for lines between Flushing and College Point, Flushing and Bayside and Manhasset. V. 74, p. 1197.

The new Queensboro Bridge across Blackwell's Island was opened in 1909. On Sept. 19 1909 the City of New York's municipal trolley across the bridge began operation. On Dec. 16 1909 New York & Queens County Ry. was granted a permanent franchise to run cars over the bridge. Operation began on Feb. 15 1910. V. 90, p. 373. Through passengers only are carried across the bridge and no extra fare is charged.

In view of the default in the payment of the int. due Jan. 1 1922 on the Steinway Ry. 1st M. 6s and the then impending default of prin. & int. due July 1 1922, two committees were formed to protect interests of holders of these bonds. One committee was headed by H. B. Thorne (V. 113, p. 2819) and the other by Geo. W. Davison (V. 114, p. 80). The first named committee arranged to pay the Jan. 1 1922 coupon. V. 114, p. 80. Later the two committees were consolidated. The committee resulting from the consolidation is composed of:

Committee for Steinway Ry. 1st Mtge. 6s.—Geo. W. Davison, Roswell Eldridge, Walter E. Frew, Harold B. Thorne and Wm. Carnegie Ewen. Depositary, Central Union Trust Co., N. Y. City. V. 114, p. 307.

Int. due Apr. 1 1922 on the N. Y. & Queens County 1st cons. mtge. 4s having been defaulted (V. 114, p. 1766), the following committee was formed:

Committee for N. Y. & Queens Co. 1st Cons. Mtge. 4s.—Chairman, Fredk. Osborne; C. Stevenson Newhall and James H. Perkins. Depositaries: Farmers Loan & Trust Co., N. Y., and Penna. Co. for Insur. on Lives & G. Ann., Phila. V. 114, p. 1766.

Int. due Dec. 1 1921 and June 1 1922 on the $50,000 Flushing & College Point 1st Mtge. 5s and on the $150,000 Newtown Ry. 1st Mtge. 5s was not paid when due. V. 114, p. 2580.

V. 112, p. 162. The co. however, obtained a temporary injunction enjoining the city from interfering with the collection of higher fares. The co. thereupon raised fares from 5 to 7 cents effective Feb. 21 1921 V 112, p. 849, 933

New Ordinance Proposed.—On Aug. 25 1922 the Mayor signed, and on Sept. 11 1922 the stockholders approved, an ordinance providing for a 7-cent cash fare and a 6-cent ticket fare. V. 115, p. 1210, 1532.

MINNEAPOLIS, MINN.

TWIN CITY RAPID TRANSIT.—A holding company.

ORGANIZATION.—Organized under the laws of the State of New Jersey June 3 1891 and by virtue of its stock ownership of the underlying companies (to wit, Minneapolis St. Ry. Co., The St. Paul City Ry. Co., the Minneapolis Lyndale & Minnetonka Railway Co. and The Minneapolis & St. Paul Suburban RR. Co.) controls the entire street railway system of Minneapolis, St. Paul, Stillwater, and lines to Excelsior, Tonka Bay and Deephaven at Lake Minnetonka. In 1906 absorbed the North Side Street Ry. (Robbinsdale line) and the St. Louis Park line; V. 83, p. 1472. In 1905 articles of incorporation were amended so as to make the charter perpetual. V. 80, p. 1914.

Settlement with City of St. Paul.—For decision as to right to build new lines in St. Paul, see V. 79, p. 271, 2087, and for settlement with City of St. Paul by which the city relinquishes its right of appeal from this decision and the company agrees to pay into the city treasury real and personal property taxes equal to at least 6% of gross earnings; see V. 80, p. 1175.

On Oct. 23 1914 the Minnesota Supreme Court sustained the validity of an ordinance passed by the City Council in May 1910 ordering the St. Paul City Ry. to construct a car line on St. Clair Ave., branching from West Seventh St. V. 99, p. 1301.

New Subsidiaries.—Because of a decision of the Supreme Court holding that suburban lines, as railways, are amenable to the Minnesota 5% gross earnings tax, it was decided in Mar. 1910 to incorporate The Minneapolis & St. Paul Suburban RR. ($1,000,000 stock, increased to $3,000,000 in Jan. 1911; debt limit was also increased to $10,000,000. V. 92, p. 187). The Minnetonka & White Bear Navigation Co. ($250,000 stock) and The Rapid Transit Real Estate Corp., $15,000 stock, and to re-arrange matters so that the suburban lines, the steamer lines and the hotels, parks, &c., of the company might be handled separately for taxation and accounting purposes. V. 90, p. 850.

Franchises.—In 1921 the companies surrendered the existing franchises and now operate under indeterminate permits. V. 112, p. 1979, 2191, 2538.

Valuation of Minneapolis Street Ry.—For reports on valuation of property in connection with franchise matters, see V. 105, p. 1523, 2185; V. 106, p. 716; V. 108, p. 380, 683; V. 114, p. 1892.

Valuation of St. Paul City Ry.—For detailed valuation of this property, see V. 112, p. 258.

Debt Limit of Minneapolis Street Ry. Removed.—See V. 112, p. 1866.

Cost of Service Franchise—Fares, &c.—After various proposals and counter-proposals had been made, the Minneapolis Street Ry. Co. on June 7 1919 accepted the offer of the City Council of a 25-year cost-of-service franchise based on a valuation of $24,000,000. However, the franchise, which provided for a return of 7% on the above valuation, was defeated by the voters at a special election held Dec. 9 1919. V. 109, p. 2254. Compare V. 108, p. 2242, 2331, 2529; V. 109, p. 477, 1081, 1274, 1527, 2172.

On May 4 1920, the people of St. Paul voted in favor of a sliding scale of fares with a maximum rate of 7 cents per passenger. The rate fixing power is vested in the City Council, but fares were not to be raised above the old 5-cent rate until the co. furnished the service provided for in the ordinance. V. 110, p. 2193. This the co. could not do. But on Sept. 13 1920 a new ordinance became effective providing for a 6-cent fare. V. 111, p. 897. Effective Sept. 1 1921, the Minnesota RR. & Warehouse Comm. auth. the companies to raise cash fares in Minneapolis and St. Paul from 6 to 7 cents, with 4 tickets for 25 cents, but these increases were suspended Sept. 3 1921 by court order pending final determination. V. 113, p. 536, 1054, 1157, 2081. V. 114, p. 199, 523. This case was still in court in Oct. 1922, pending valuation of the property.

In Jan. 1921 the company raised fares on its Stillwater lines from 5 cents to 6 cents. V. 112, p. 470.

Fare Decision.—For decision upholding Act providing for regulation of rates based on valuation see V. 114, p. 1892.

Merger of St. Paul and Minneapolis Street Car Systems Proposed.—See V. 115, p. 2794.

The $5,000,000 1st cons. mtge. 5% bonds of the Minneapolis St. Ry. Co. originally due Jan. 15 1919, were extended for three years to Jan. 15 1922 at 7% and again to Jan. 15 1925 at the same rate of int., but in the latter case, a payment of $10 for each bond extended was made. V. 113, p. 1983.

The controlled properties serve practically the entire central and eastern portions of Tennessee, extending nearly 200 miles from east to west and 100 miles from north to south, with an estimated population of over 450,000.

The consummation of the plan for the consolidation of these properties permitted the payment of $3,561,000 of maturing obligations of the Tenn. Ry., Lt. & Pow. Co. and approx. $2,515,907 of maturing obligations of the subsidiary properties.

Suits Against Merger.—Two suits have been filed alleging that the recent consolidation was in violation of the State's Anti-Trust Law. V. 115, p. 309, 989. A temporary injunction was obtained but this has been modified to permit the co. to perform its corporate business until a final decree has been rendered. V. 115, p. 1430.

The Tennessee Electric Power Co. upon completion of the plan will be capitalized approx. as follows:

NEW YORK NEW HAVEN & HARTFORD RY. (Trolley lines.)

The New York New Haven & Hartford's interests in trolley lines have been very extensive, but under an agreement reached with the U. S. Govt. in 1914 the company has pledged itself to dispose of the same

*The trolley companies owned by the N. Y. N. H. & H., which are now to be disposed of under the decree of the Federal Court, are as follows:

Berkshire Street Ry.	The Vermont Co.
Connecticut Co	Westchester Street RR.
New York & Stamford Ry.	Shore Line Electric RR. of N. Y.
The Hoosick Falls RR. Co	

* The Rhode Island Co was originally included in this list, but the stock of that co was sold on Sept. 3 1920 at public auction—see that company on subsequent page.

The N. Y. N. H. & H. also owns $4,984,938 of the $5,005,250 stock of the N. Y. Westchester & Boston Ry., an electric road, which it is under no obligation to dispose of and which will be developed as part of the New Haven system.—V. 99, p. 270, 604, 1125, 1210; V. 100, p. 642; V. 104, p. 2010.

CONNECTICUT COMPANY.

Control Passes to Trustees.—On Oct. 27 1914 the $40,000,000 capital stock of this co. held by New England Navigation Co. was transferred to five trustees, pursuant to the requirements of the U. S. Dept. of Justice. V. 99, p. 1451. The New Haven Co. has bound itself to sell the stock, and the trustees were to use their best endeavor to complete the sale before July 1 1919, but in March 1919 Judge Julius M. Mayer granted an extension of time until July 1 1921. V. 108, p. 1275. In April 1921 the time was again extended, by order of the Federal Court, to July 1 1922. V. 112, p. 1616. In March 1922 the court further extended the time to April 1 1923. Again extended to April 1 1924. The trustees are: Judge Walter C. Noyes of Old Lyme, Leonard M. Daggett of New Haven, Charles Cheney of South Manchester, Morgan B. Brainard of Hartford, and Chas. G. Sanford of Bridgeport. See remarks under N. Y. N. H. & H. RR. Co. above and V. 98, p. 1000, 1245.

This is the company which operates the trolley lines in Connecticut controlled by the N. Y. N. H. & H., and which formerly were comprised in the Consolidated Railway Co.

Return of Line to N. Y. N. H. & H. R. RR. Suggested.—See V. 112, p. 1977; compare V. 116, p. 720.

ORGANIZATION.—Incorp. in Connecticut. Entire $40,000,000 stock and $1,000,000 debentures owned by New Haven Co. June 1 1907 began operating the lines comprising the Consolidated Railway (merged in 1907 in the New York New Haven & Hartford); February 28 1910 purchased substantially all the various street railway properties of the N. Y. New Haven & Hartford in Connecticut.

On March 1 1910 all the gas, water and electric-light properties formerly operated by the Connecticut Co., but owned or leased by N. Y. N. H. & H. RR. Co., were transferred to the Housatonic Power Co., which company, increased its stock from $1,000,000 to $3,000,000, to pay for the acquisitions. On Jan. 1 1912, however, the gas-distribution lines of the Housatonic Power Co. and also the lines supplying electricity (not the power plants) in Waterbury, New Britain, Greenwich, Norwalk and Naugatuck were taken over under a sub-lease for 994 years dated Oct. 1 1911 by the United Elec. Lt. & Water Co. V. 94, p. 71; V. 93, p. 1669.

Lease.—The Connecticut Co. owns and had leased to the Shore Line Elec-Ry., 89.92 miles of track in New London, Willimantic, Danielson and Putnam. But this lease was annulled by order of the court in Jan. 1920, V. 110, p. 167. The Shore Line Electric Ry. however continued to operate these lines until April 1920 when the Connecticut Co. took over the operation of the lines. See "Chronicle" of April 24 1920.

Fares.—On Oct. 15 1920 the co. placed a 10-cent cash fare in effect on the New London city lines. V. 111, p. 1471. On Dec. 3 1920, the Comm. denied the petition of the city of New London for lower fares. V. 111, p. 2323. On Nov. 1 1920 the co. was auth. by the Comm. P. U. Conn. to charge a flat 10-cent cash fare with fare limits based upon the original 5-cent fare areas with free transfers. For further details see V. 111, p. 1751. The city of Hartford asked for a reduction in these rates but this was denied by the Commission on Dec. 3 1920. V. 111, p. 2323. This schedule supersedes a zone system for details of which, see this section of Oct. 30 1920. Fares in Bridgeport and Norwalk, in Nov. 1921 were reduced to 5 cents with no transfers within city limits. Outside city and throughout rest of State, 10-cent cash fare or three "tokens" for 25 cents. V. 113, p. 1982, 2311; V. 115, p. 542; V. 114, p. 305. Effective April 1 1923, the company voluntarily voted a 10% fare reduction, "tokens" which had previously sold at 3 for 25 cents being reduced to 2 for 15 cents (V. 116, p. 409, but see V. 116 p. 1531).

Jitneys Restricted.—See V. 111, p. 1082, 1277, 1369, 1566, 2040; V. 112, p. 247; V. 113, p. 531, 729, 1052, 1250.

Company Authorized to Run Buses.—See V. 112, p. 1642; V. 113, p. 416, 531.

Rate Increase.—In Oct. 1918 was auth. by the Mass. P. S. Comm. to increase freight rates. V. 107, p. 1384. On Sept. 29 1920 the co. was auth. to increase freight rates 40%. V. 111, p. 1471.

Government Loan.—In Sept. 1918 obtained a loan through the United States Housing Corp. of approximately $1,350,000 to provide funds for construction tracks and purchase of rolling stock to provide transportation of munition workers in Bridgeport. V. 107, p. 1099. As of Apr. 1 1922 we were advised that this loan had been reduced to about $1,126,747.

Special Report to Legislature by P. U. Comm.—On Jan. 5 1921 the Conn. P. U. Comm. sent to the General Assembly a report of its inquiry into electric railway conditions under an act of the 1919 session. The report suggests the termination of control of the Connecticut Co. by Federal trustees and the return of the capital stock, propetry and corporate control to the owner or owners thereof. For detailed outline of the Commission's principal recommendations see V. 112, p. 256.

Favorable Legislation Enacted at 1921 Session of General Assembly.—See V. 112, p. 2747.

Bill Requiring Half of Annual Net Income to be Applied to Delinquent State Taxes.—See V. 112, p. 2189, for details. Compare V. 115, p. 542.

Supreme Court Decision.—Decision of State Supreme Court holding that the co. must protect holders of the Consolidated Railway Co.'s debenture will be found in V. 109, p. 581. See also V. 109, p. 1527, and V. 111, 990, under caption "N. Y. N. H. & H. RR."

The $3,500,000 debentures due April 1 1955 were issued to acquire the Hartford Street Ry. The $10,000,000 debentures of Jan. 1906 were issued to the N. Y. N. H. & Hartford for advances.

Of the Worcester & Connecticut Eastern bonds, no more will be issued. A *sinking fund* on these bonds commenced in 1908 of not to exceed 1% of bonds outstanding. NEW ORLEANS, LA.

NEW ORLEANS PUBLIC SERVICE INC.

ORGANIZATION.—Came into existence Sept. 27 1922 as a merger of the New Orleans Public Service, Inc., the New Orleans Ry. & Lt. Co., the New Orleans & Carrollton RR., Lt. & Pr. Co., the New Orleans & Pontchartrain RR. Co. and the Orleans RR. Co. New Orleans Public Service Inc., was incorporated Aug. 18 1922 under the laws of Louisiana as per plan of reorganization outlined in this Section of Oct. 28 1922.

Note.—The only change in the name of the new New Orleans Public Service, Inc., is the dropping of the comma between the words Service and Inc.

New Orleans Public Service Inc. controls the following companies:

STOCKS—	Amount Issued.	Owned by P. N. O. P. S.

a New Orleans Gas Light Co	5,250,000	5,211,300
Jefferson & Lake Pontchartrain Ry. Co	100,000	99,300

a The N. O. Gas Light Co. owns all the $10,000 issued and outstanding stock of the N. O. Lighting Co.

The New Orleans City RR. is leased until Dec. 31 1955 to the New Orleans Public Service Inc. for 5% on the pref. stock and ¾% until Jan. 1 1908 and 1% semi-annually thereafter on the common stock.

The co. operates all the plants now generating electric energy for commercial power and light in the city of New Orleans, the entire gas manufacturing and distributing properties, and the street railway system of 223 m.

Agreement with City.—In 1921 a settlement was effected with the city of New Orleans, by which a definite basis was agreed upon between the company and the city governing their mutual relations.

Under this settlement a sum of $44,700,000 was agreed upon as the value of the properties in the system for purposes of the settlement as of Dec. 31 1920, to be increased by future investments in the property. The city agreed, effective Oct. 1 1922, to permit such rates for the various public services as would enable the company to earn 7½% return on values as determined from time to time, after operating expenses, taxes and reserve for renewals and replacements. The agreed rate base is now in excess of $51,000,000 after allowance for earnings invested in the property since Dec. 31 1920.

In addition to the allowed return on the rate base, the settlement provides for indeterminate permits; for the approval by the Commission Council of the City of the issue of securities; for an option to the city to purchase any or all of the three departments of the co. at the current rate base valuations.

Rates.—The agreement fixes a 7-cent street railway fare, a gas rate of $1 30 per 1,000 cu. ft., and a maximum electric light base rate of 9 cents per k.w. hour for a test period of 12 mos. from Oct. 1 1922, with a readjustment of rates after that period as operating results may make necessary, either to give the company the allowed 7½% on the agreed rate base or to reduce the return to that basis.

NEW YORK RAILWAYS CO.—Underground trolley.

Receivership.—On March 20 1919 Judge Mayer in the U. S. District Court appointed Job E Hedges temporary receiver for the co mpany, upon application by the American Brake Shoe Co., holder of an overdue claim for $36,806. On March 31 1919 the receivership was made permanent V. 108, p. 1391. Compare V. 108, p. 1165. On April 21 1919 Judge Mayer in the U. S. District Court denied the applications of the Eighth and Ninth Ave. RR Cos. for an order directing the receiver to turn back the properties to the lessor companies. Judge Mayer also refused to order the receiver to pay the rentals due the complaining companies. V. 108, p. 1721. On July 15 1919, however, Judge Mayer issued a formal order separating the *Eighth* Ave. RR. from the receivership of the New York Railways Co. The order instructed the receiver and the Eighth Ave RR. Co. to make an agreement that, as long as Commissioner Nixon's two-cent transfer order (see below) exists, fares shall be the same as if the separation had not been made If, however, the order is contested, the Eighth Ave. line is to be considered absolutely independent and no transfers will be given. V 109 p. 270 [This order was modified on Sept. 26 1919, and, effective Oct. 1 1919, all transfers between the Eighth Ave. RR. and the New York Rys. Co. were discontinued.—Ed.] Compare V. 109, p. 1079. On Sept. 11 1919 Judge Mayer resolved to return the *Ninth* Ave. RR. to its owners. V. 109, p 1080. Effective Jan. 31 1920, Judge Julius M. Mayer ordered the Fourth & Madison Ave. Line, which had been leased to the company, returned to its parent company, the New York & Harlem RR. V. 110, p. 360. The 1st real estate and refunding bondholders have asked the receiver to surrender four more leases, viz., B'way & 7th Ave., Sixth Ave., Christopher & 10th St. and Bleecker St. & Fulton Ferry. Hearing on this question has been set for May 2 1921. V. 112, p. 1114.

Operations.—For summary of lines discontinued, &c., see "Electric Railway" Supplement of Oct. 28 1922.

Maintenance & Depreciation Reserve.—In Oct. 1919 Judge Mayer, in the U. S. Dist. Court ordered the receiver to set aside 38% of the gross transportation revenue as a maintenance and depreciation reserve, following the report (V. 110, p. 75) of Stone & Webster which stated that, under existing conditions it would take 37.4% of the revenue to go as far in the way of maintenance work as was done with 20% in 1914, the old figure V. 109, p. 1610.

Receiver's Reports.—The receiver has issued two reports which cover fully the status of the system. A resume of these will be found in the "Chronicle" under the following references: V. 111, p. 1766; V. 112, p. 1024, 1137.

In Aug 1920 Judge Mayer adjourned until Nov. 9 1920 the proposed sale under the proceedings brought by the Guaranty Trust Co. V. 111, p. 793. Since then the sale has been postponed from time to time.

Reorganization.—In Mar. 1923 it was reported that a tentative plan of reorganization had been formulated by a group of financial institutions of which Chase Securities Corp. was said to be a leading member, and was then reported to be under consideration of large security holders. Plan, it is stated, contemplates inclusion in the reorganized system of all lines formerly operated with the exception of Eighth Ave., Ninth Ave. and N. Y. & Harlem RR. cos., which have been returned by the receiver to their original owners for operation. It is planned also to resume operation of crosstown lines on which service has been discontinued by the receiver, and to relieve the reorganized co. of burdensome fixed charges by merging in it controlled and leased cos. For further particulars see V. 116, p. 1050.

A like claim was filed in the interest of the holders of the South Ferry Ry. 1st 5s of 1889 by the stockholders' committee for the B'way & 7th Ave. RR. V. 111, p. 1851. On Nov. 9 1920 three parcels of real estate were sold at foreclosure in part satisfaction of the 1st real estate & ref. mtge., the aggregate price of the three parcels being $380,000. The real estate holdings comprising the properties located at 4th Ave., Lexington Ave. and 32nd Sts., on which the Court had placed an upset price of $2,500,000, also the property on Madison Ave. from 85th to 86th Streets, found no bidders and the sale has been adjourned from time to time. No re-transfers permitted and of each nickel the city received 2 cents and the company 3 cents. The plan took effect Sept. 15 1914, but was terminated on Sept. 15 1919 by the receiver for the company, who was authorized to take such action by Federal Judge Mayer. V. 108, p. 2433: see also V 109, p. 1180.

Fares—Transfer Charge Allowed.—On July 7 1919 P. S. Commissioner Nixon authorized the receiver to charge 2 cents for transfers at 99 of the 113 points where transfers had been given free. Amortisation Fund.—On Dec. 10 1912 P. S. Commission modified its order of Feb. 27 1912 (see V. 94, p. 698) by striking out the provisions requiring the setting aside each year of a specified amount as an amortization fund, as it found it did not have power to make such requirement. It re-affirmed, however, its order requiring the setting aside each month, beginning Jan. 1 1912, for maintenance and depreciation of a sum at least equal to 20% of gross operating revenue for such month. V. 95, p. 1608; V. 94, p. 698. On Jan. 18 1918 the Appellate Division of the Supreme Court dismissed the writ of certiorari granted by Supreme Court Justice

Platzek on April 17 1913 to review the order. V. 106, p. 396. In May 1918 the N. Y. State Court of Appeals reversed the decision of the Appellate Division. V. 106, p. 2560. An application for a modification of the order so that it should provide for the setting aside of 20% of the gross passenger revenue only instead of 20% of the gross operating revenue was denied by the P. S. Comm. on July 27 1915. V. 101, p. 370.

During such periods, also, the holders of said bonds shall have full power in respect of all other questions, upon which stockholders may vote, to cast one vote for each $100 of the principal of the bonds held by them. V. 94, p. 977. Bonds are listed on N. Y. Stock Exch. V. 94, p. 827, 97.

The following committee has been formed to protect the interests of the minority stockholders:

Stockholders' Committee.—C. Robt. Adams, Joseph Walker, Jr., Harrison K. Bird, Harry M. Curtis and Geo. C. Warren. Depositary: Columbia Trust Co., 60 B'way, N. Y. City. Deposits have been called for. V. 110, p. 464; V. 109, p. 2355.

Committee for B'way & 7th Ave. 1st Cons. Mtge. 5s.—Chairman, Harold B. Thorne; C. W. Benson, Frank Coenen, Robt. Kelly Prentice, Joseph P. Bradshaw, Roger H. Williams; Sec., Jas. F. McNamara, 60 Wall St., N. Y. City. Depositary, Metropolitan Trust Co., N. Y. Deposits have been called for. V. 112, p. 2747; V. 113, p. 70, 847.

Committee for Broadway Surface RR. 1st Mtge. 5s.—Chairman, Louis V. Bright, Edwin C. Jameson, Henry L. Finch; Sec., Robert Smyth, 160 Broadway, N. Y. City. Depositary: Lawyers' Title & Trust Co., 160 Broadway, N. Y. City. V. 113, p. 2310. Deposits have been called for.

Foreclosure.—The proposition of Receiver Hedges to extend the $350,000 South Ferry 1st 5s, due April 1 1919, for one year (with interest) was declined. On Sept. 30 1919 the Guaranty Trust Co., N. Y., brought suit in the U. S. Dist. Court to foreclose a mortgage for $1,500,000 made in 1883 by the B'way & 7th Ave. RR. Co., of which it is now successor trustee. The bonds secured by this mortgage fell due June 1 1904 and were then taken up without cancellation and later, in 1912, when the N. Y. Rys. Co. made its 4% 1st Real Est. & Ref. Mtge. they were pledged as part security thereunder as shown in V. 94, p. 978. This foreclosure suit we are informed was brought for the purpose of protecting the right of the 4% bonds as against the $350,000 mortgage of the South Ferry RR. This last mortgage is the only underlying security of the N. Y. Rys. Co. which is in default and the holders of the bonds issued thereunder have been threatening foreclosure; hence this counter suit. V. 109, p. 1366; V. 113, p. 1154. Compare V. 109, p. 1273.

V. 109, p. 1462.

Anticipating the default in the payment of the Oct. 1 1919 int. on the $3,140,000 6% receiver's certificates, the following committee was formed, in July 1919, to protect the interests of the holders. V. 109, p. 1462, 2357.

Committee for 6% Receiver's Certificates.—Chairman, George E. Warren; A. A. Jackson, Geo. E. Barstow, Jr., Herman D. Kountze, J. F. B. Mitchell; Sec'y., Arthur W. Hutchins, 60 Bway., N. Y. City. Owns all or practically all of the stock of the following. Union Ry., Dry Dock East B'way & Battery, 42d St. Manhattanville & St. Nicholas Ave Yonkers RR., Westchester Electric, Southern Boulevard, Kingsbridge Ry., New York City Interborough, New York Westchester & Connecticut Traction Co., Mid-Crosstown Ry. Co., Inc., Belt Line Ry. Corporation, Pelham Park & City Island Ry., Bronx Traction Co. Third Ave. Bridge Co., Hastings Ry. Co., Inc., also the $1,487,000 outstanding 2d M. Inc bonds of 42d St. Man. & St. Nich. Ave. Ry., the $2,164,000 bonds of the N. Y. City Interborough Ry. and the $1,750,000 5% bonds of the Belt Line Ry. Corporation. With the N. Y. Rys., the Coney Island & Bklyn. RR and the Bklyn. Rap. Trans. Co. controls the Bklyn. & North River RR operating over Manhattan Bridge. (This company ceased operating on Oct. 4 1919. V. 109, p. 1461.)

On Jan. 7 1914 the company applied to the P. S. Comm. for authority to issue $6,650,000 bonds on account of the cost of acquiring control of the Belt Line Ry. Corp. (V. 96, p. 946, 1020, 1295), the N. Y. City Interborough Ry. Co. and the Mid-Crosstown RR., and to pay for certain construction work. See V. 98, p. 74. A preliminary order was procured in Mar. 1914 auth. the issue of $4,000,000 of these bonds against the purchase by the 3d Ave. Ry. of certain securities of the N. Y. City Interborough and the Belt Line Ry. Corp. (see annual report of 3d Ave. in V. 99, p. 1447). The issuance of a further $2,020,500 of bonds was authorized Oct. 8 1915, which were issued and purchased by the company as an investment for the depreciation fund.

On Jan. 25 1921 Federal Judge Hough signed an order restraining the city and State officials from seeking to prevent the 59th St. Crosstown line from discontinuing the exchange of transfers with other lines. V. 112, p. 470. The co. has, therefore, discontinued the issuance of transfers. V. 112, p. 746.

The stock investment in the Altoona Gas Lt. & Fuel Co was written off, the company having failed to meet its interest charges in 1915, due to natural gas competition. In Sept. 1921 disposed of the Wilkes Barre (Pa.) Co. In May 1922 disposed of Leavenworth (Kan.) Lt., Ht. & Power Co.

In March 1919 holders of the Col. Springs Lt., Ht. & Power 1st & Ref. M. 5s due Aug 1 1920, approved an extension for 1 year of the $300,000 1st M. 5s due April 1 1919 at 7%. V. 108, p. 1277.

Owing to the uncertainty regarding the co's. franchise and the fact that the co's. entire bonded debt matured in 1920, the following committee was formed to protect the interests of the holders of securities of the Colorado Springs Lt. & Power Co.

General Protective Committee.—J. A. Cauldwell, E. G. Connette, E. C Delafield, A. L. Linn, Jr., John H. Mason, Arthur V. Motron, Jonathan C. Neff, Geo. K. Reilly; Secy., L. H. (*d*) and (*e*) non-cum. 6% pref. stock and the com. stock of Colorado Springs Light, Heat & Power Co. at N. Y. Trust Co., N. Y. City. Deposits have been called for. For circular of committee see V. 110, p. 1418.

All of the $350,000 Lockport Gas & Electric 1st M. 5s due Feb. 1 1920, were bought in through the medium of bank loans.

In 1920 the Lockport Lt., Ht. & Pow. Co. issued $350,000 8% cum. pref. stock, proceeds being applied to the retirement of a like amount of gen mtge. 7s due Jan. 16 1920.

Neither the Col. Spgs. L., H. & P. 1st M. 5s due Aug. 1 1920, the Col. Spgs. Elec. Co. 1st M. 5s due Apr. 20 1920, nor the Col. Spgs. Lt. & Pow. 1st M. 7s due Apr. 1 1920, had been retired up to time of going to press. Int. at the rate of 7%, however, is being paid on all three issues.

The stockholders on Mar. 27 1922 voted to change the com. stock from shares of $100 par value to shares of no par value. V. 114, p. 1418.

THE SHORE LINE ELECTRIC RY. CO. (Connecticut).

Receivership.—On Oct. 1 1919 Pres. R. W. Perkins was appointed receiver for the co. by Judge J. H. Reed of the Superior Court, on application of the estate of the late Morton F. Plant. V. 109, p. 1367.

Foreclosure Proceedings.—In Jan. 1920 it was reported that the Old Colony Trust Co., Boston, had made application to foreclose the $2,725,000 1st M. bonds of the co. V. 110, p. 168. R. W. Perkins has been appointed receiver in this action also.

ORGANIZATION.—A merger, effective Nov. 1 1916, of the Shore Line Electric Ry., Norwich & Westerly Traction Co., Groton & Stonington Street Ry., Ashaway & Westerly Ry. and the New London & East Lyme Street Ry. (See this Section for Sept. 1916 for separate statements of those companies.) V. 103, p. 494, 1033. Had a lease for 99 years from 1913 on that portion of the Connecticut Co. known as the New London Division, 104 miles, but this lease was annulled by order of the court in Jan. 1920; the co. continued to operate these lines until April 18 1920 at which time the Connecticut Co. took over same for operation. See V. 110, p. 1749.

An Act of the Conn. Legislature, approved May 16 1917, authorized the company to increase its capital stock to not exceeding $8,000,000 and to exchange such stock par for par for its notes or its A and B debentures, subject to the approval of the P. U. Comm. No stock shall be issued at less than par. The company was also authorized to generate and sell electricity to any electric light, heat or power company except in the towns of Windham and Coventry, Conn., and any town where a company is already in operation except with the consent of that company; also to acquire stocks, bonds, &c., of any Connecticut electrical company V. 104, p. 2344.

Dismantlement of Certain Lines.—See "Electric Railway" Section for April 30 1921.

Reported Reorganization Plan.—For details see V. 111, p. 2325.

Successor Company Incorporated, &c.—In March 1921 it was reported that the committee on railroads of the Connecticut Legislature had reported favorably on a bill incorporating the Eastern Connecticut Ry. to purchase all the present line of railway now owned by the Shore Line through Norwich, Preston, Ledyard, North Stonington and Stonington to the Connecticut-Rhode Island line at the Pawtucket River and connecting with the tracks of the N. Y. N. H. & Hartford RR. at Brewster's Neck. The capital of the company is $50,000, with the right to increase to $500,000. Incorporators are Robert W. Perkins, Norwich; Edward M. Day, Hartford, and Charles B. Whittlesey, New London. V. 112, p. 1284, but see V. 112, p. 1867. Compare V. 112, p. 1025. Under date of Sept. 29 1921 we were advised by Mr. Perkins that no plan of reorganization had yet been announced. V. 112, p. 1867. No further information.

New Haven to Saybrook.—In Dec. 1921 a new co. (the Shore Line Traction Co.) was incorporated for the purpose of operating that portion of the line which runs from New Haven through Saybrook and Chester, Conn. For particulars as to financing new co., &c., see V. 113, p. 2186, 2615, 2722. On Feb. 14 1923, however, the sale of the railway from Saybrook, Conn., to New Haven, Conn., to A. William Sperry for $140,000 was confirmed. Of this amount $5,000 was to be paid immediately and the balance within 30 days of the time a charter is granted by the State Legislature to Sperry and others to operate the line as an electric railway. V. 116, p. 823.

Groton & Stonington Division.—The receiver states that the Groton & Stonington Trac. Co. has been organized to take over what was originally known as the Groton & Stonington Division and owns in fee the track from the ferry landing in Groton to the junction with the Connecticut Co. property in New London and owns in equity the trackage from the ferry in Groton through to the Rhode Island State Line in Stongngton. V. 116, p. 616.

Rhode Island Lines—Westerly to Weekapaug.—A bill before the Rhode Island Legislature in March 1923 proposed that the part of the line which is in Rhode Island be put under the control of a new corp. to be known as the Westerly & Atlantic Traction Co. The lines to be acquired by the new co. would be those running out of Westerly to Hopkinton, to Watch Hill, to Pleasant Valley and to Weekapaug, R. I., or something over 20 miles. The incorporators of the co. are given as Robert W. Perkins of Norwich, Conn., Edward M. Day of Hartford, Charles B. Whittlesey of New London and Herbert W. Rathburn of Westerly, R. I. The capital stock is fixed at $100.000, with the right to increase of $500,000. V. 116, p. 1051.

Receiver's Statement.—On April 25 1921 R. W. Perkins wrote the "Chronicle" as follows: "We are operating everything east of the Thames River and a portion of the New London and East Lynne [lines], a total of about 65 miles. Gross earnings for the fifteen months to Dec. 31 1920 were $697,655, and after taxes we show an operating deficit for this same period of $52,227. This includes operation of leased property from Oct. 1 1919 to April 1 1920." V. 112, p. 1867. See also V. 113, p. 2313.

OAKLAND, CAL.

SAN FRANCISCO-OAKLAND TERMINAL RY.

ORGANIZATION.—Incorp. in California on March 21 1912. Has consolidated the following (V. 94, p. 912):

Oakland Traction Co.	East Shore & Suburban Ry. Co.
San Fran. Oak. & S. J. Cons. Ry.	California Railway.

The San Fran.-Oak. Term. Rys. assumed the total bonded debt of the merged companies.

Interest Payments.—All coupons maturing prior to Nov. 18 1919 have been paid. Coupons maturing Nov. 18 1919 and subsequent thereto wil be funded under reorganization plan, which see below.

City Partnership Plan.—The electors of Oakland on Nov. 7 1916 voted in favor of the charter amendment authorizing the city to go into partnership with the co., in accordance with the plan of the Oakland Chamber of Commerce drawn up with a view to settling the co's financial and operating difficulties. The plan provides: (*a*) The co. to be granted a resettlement franchise of an indeterminate period on condition that the city may buy out the system on 6 mos.' notice and may transfer such purchase right to a third party; (*b*) net profits to be divided between the city and the co., the city to et not less than 55%, the company to be allowed 6% on its valuation and a proper amount for maintenance, operation, taxes, insurance and depreciation; (*c*) operations to be conducted by a joint board consisting of two, one for the city and one for the company, an arbiter to be called in in case of disagreement. The plan also provides that the Mayor appoint an advisory board of seven to co-operate with the City Council in drafting the franchise ordinance. See V. 103, p. 759. Applications for re-settlement franchises were made to the common councils of Oakland, Berkeley and Alameda which resulted in the preparation of such franchises and the petition to the Cal. RR. Comm. by the cities of Oakland and Berkeley, requesting a valuation of these properties for the purpose of facilitating the submission of these franchises to a vote of the people.

Foreclosure Suits.—The Anglo-California Trust Co. of San Fran., as mortgage trustee, has brought suit against the United Properties Co., Dennis Searles and stockholders of the Oakland Rys. for recovery on the $2,500,000 note issue of the Oakland Rys. (see table below) in order to protect the noteholders in the event that the proposed reorganization of the San Francisco-Oakland Terminal Rys. is not carried through. V. 101, p. 615. The Trust Co. has also begun legal proceedings to preserve or enforce the rights of the holders of the $1,100,000 6% Oakland Term. notes. V. 105, p. 820.

Reorganization, &c., Committee.—This committee represents the interests of the different bondholders: Chairman, John S. Drum; J. F. Carston, W. W. Garthwaite, P. E. Bowles, George Tourny, Gavin McNab, B. H. Diblee, A. Crawford Greene, Herbert Fleischhacker and Paul A Sinsheimer, Secy. Depositaries: Mercantile Tr. Co., Savings Union Branch Mercantile Trust Co. and the Anglo-California Trust Co. of San Francisco; Oakland Bank, Central National Bank of Oakland and the First National Bank of Oakland, Calif. V. 109, p. 1180, 1274; V. 113, p. 535. Deposits have been called for. V. 110, p. 79. For statement by committee see V. 110, p. 1416. Up to July 7 1922, 95% of the bank holdings, and 82% of the private holdings of all securities had been deposited. V. 115, p. 544.

Reorganization Plan.—A plan of reorganization, dated July 20 1921, was proposed by the committee named above. For details see V. 113, p. 535. An amended plan (V. 115, p. 544), embracing several modifications of the original plan, was adopted by the reorganization committee on July 7 1922 and was declared operative August 20 1922. V. 115, p. 1839. The amended plan provides that the present company be reorganized and include the "Key Division" and "Traction Division" in one corporation (except for one or more subsidiary corporations to take care of the outstanding bonds in Group 1-A (below) and note issues of present subsidiaries) which shall be the owner of all operating and non-operating properties now held by the consolidated company. The plan eliminates in its entirety the $15,125,000 common stock of the present company and places the stock control of the operating company in the holders of the prior preferred and preferred stock. The plan contemplates paying in cash all coupons on outstanding bonds maturing prior to Nov. 19 1919, and funding all coupons due from that date up to the time of distribution of new securities, with the exception of coupons on bonds in Group 1-A (below), all of which are to be paid in cash. It is estimated that the amount of coupons to be so funded will be 3 years interest on the various bond issues. Should there be more than 3 years' interest coupons to be funded at the time of the consummation of the plan, the amount of new bonds and preferred stock to be distributed will be increased by the amount of such excess. Under the plan the following exchange of securities would be effected:

Exchange of Old Bond Issues, Note & Stock Issues for New Securities, without Regard to Overdue and Unpaid Coupons.

NATIONAL PROPERTIES CO.
For history see "Electric Railway" Supplement of Oct. 22 1921.

AMERICAN ELECTRIC POWER CO.—(*See Map page* 95.)
Practically all the common stock of this company (then known as the American Railways Co.) was formerly owned by the National Properties Co. (controlled by United Natl. Utilities Co.) but the stock was pledged under an issue of Natl. Properties Co. 4-6% collateral trust bonds and default having occurred, the stock was sold at public auction on Nov. 8 1920.

ORGANIZATION.—*The* American Rys. Co. was incorp. under laws of N. J. in 1900 as a consolidation of the former American Rys. Co. and the United States Electric Ry. & Light Co., which latter had only $1,000 of outstanding stock. Name changed from the American Railways Co. to present title on Feb. 13 1923. V. 116, p. 615.

In Dec. 1905 purchased a controlling interest in the Scranton Ry. Co., paying par ($50) for both common and pref. stock. V. 81, p. 1847; V. 82, p. 1375; V. 104, p. 71.

The Peakland Corporation was formed during 1909-10 with $50,000 stock (all owned by American Rys.), to acquire and own real estate in vicinity of Lynchburg

On March 1 1917 acquired the National Gas, Elec. Light & Power Co. (V. 101, p. 135.) In May 1917 acquired the Jersey Central Traction Co. (which see under "Keyport, N. J.") and the Monmouth Ltg. Co.

The American Railways Co.-Natl. Gas. coll. tr. 5% bonds due Mar. 1 1922 were extended for 5 years at 6%. V. 114, p. 1405.

New Pref. Stock—Financing Plan.—On May 18 1920 the stockholders voted in favor of a new issue of $4,000,000 2d 7% cum. pref. stock. V. 110, p. 2290. It was originally planned to issue this stock in connection with financing plan (see this Section for Oct. 30 1920), but the plan was so amended as to provide for the issuance of the 7% income bonds instead.—V. 111, p. 587. The plan also provided for the funding of approximately $3,500,000 of notes payable to banks and bankers into a 5-yr. 8% note of the co. secured by about $4,500,000 of bonds of the sub. cos.—See summarized plan in this Supplement of Oct. 30 1920.

Refinancing Plan.—On Feb. 1 1923 the stockholders approved a refinancing plan under provisions of which the Consolidated Light, Heat & Power Co. (now Consolidated Power & Light Co.) acquired from the co. all the com. stock equity held in the following subsidiaries:

(1) Ohio Valley Electric Ry.; (2) Ironton Elec. Co.; (3) Boyd County Elec. Co.; (4) Lynchburg Trac. & Light Co.; (5) Roanoke Trac. & Light Co.

The entire com. stock of the Consolidated Light, Heat & Power Co. (now known as Consolidated Power & Light Co.) is held by the co., which received cash payment for its equities in the stock of the subsidiaries so transferred. With the funds so received the co. retired $2,916,000 3-yr. 7½% notes due Feb. 1 1925, $2,000,000 Amer. Rys.-Ohio Valley Elec. coll. tr. 5% bonds due Jan. 1 1961, $987,500 Amer. Rys.-Lynchburg & Roanoke coll. tr. 5% bonds due Jan. 1 1930 (coll. tr. notes to the total amount of $6,000,000 are to be retired in accordance with terms of plan) canceled $1,100,000 5-yr. 8% notes, leaving $2,400,000 of these notes outstanding. $2,205,000 Wilmington & Chester Trac. coll. tr. 6s due April 1 1923 were extended for 10 years to April 1 1933. The $4,000,000 2d pref. stock auth. (none issued) was canceled and the auth. amount of 1st pref. stock was increased from $4,000,000 to $8,000,000, and $1,076,800 of this increase was issued as a 19¼% div. on the pref. stock, clearing up all accumulated divs. on that issue. The plan also provided for a change in name from the American Rys. Co. to the American Electric Power Co. The plan was underwritten and bankers purchased a bond issue of $7,000,000 and $1,500,000 of 7% pref. stock of the Consolidated Power & Light Co. of Huntington, W. Va. (which co. see on a subsequent page). For full details of plan see V. 116, p. 293, 514, 615.

PHILADELPHIA RAPID TRANSIT.

Incorporated in Pennsylvania on May 1 1902 to take over under lease the Union Traction Co. for 999 years from July 1 1902, and to acquire and hold shares of other corporations. (For terms of lease, see Union Traction below.) The Rapid Transit Co. acquired numerous franchises for new roads obtained by the Mack-Foerderer syndicate in 1901. In June 1903 the Market Street Elevated Pass. Ry., with $5,600,000 authorized capital stock was formed to absorb a number of these franchises. V. 76, p. 1301. In June 1903 the Rapid Transit Co. obtained from the Philadelphia City Councils other valuable franchises for new lines. In April 1906, however, an agreement was entered into with the city relinquishing nearly all the rights to the franchises of 1901 and 1903 and the whole matter of the company's franchise rights was readjusted on a new basis. See V. 82, p. 693, 870.

Subway has been built in Market St. from 23d St. to Delaware Ave., elevated structure on Market St. west of the Schuylkill River, and on Delaware Ave. from Market St. to South St. V. 74, p. 528, 989; V. 76, p. 1301; V. 81, p. 265. In March 1907 began operating on that portion of the elevated from the Schuylkill River west to the Upper Darby terminal station, a distance of about 4 miles. V. 84, p. 571. On Aug. 3 1908 the entire subway from 2d St. to 23d and Market St. was placed in operation, thus completing line through to 69th St. V. 87, p. 347. On Oct. 6 1908 elevated lines on Delaware Ave. to South St. Station was placed in operation, completing entire line. V. 87, p. 936.

In July 1902 acquired all the stock of the Doylestown & Willow Grove Ry. Co. Also owns entire stock ($10,000) of the Motor Real Estate Co., which owns property costing $4,000,000.

On July 1 1906 the Phila. Morton & Swarthmore Ry. and the Media Middletown Aston & Chester Elec. Ry. were consolidated, forming the Darby Media & Chester Ry. The new company, embracing 25 miles of track, was thereupon leased to the Phila. Rapid Transit Co. for 999 years, rental being $8,500 for first year, $17,000 for second and third years, $25,500 for fourth year, $34,000 for fifth year and $42,500 for sixth year and thereafter.

Early in 1921 acquired through the Willow Grove Park, the Burd Home Park, another amusement centre. V. 113, p. 417.

Adjustment of Relations With City.—On Feb. 18 1907 the board of directors accepted the plan submitted Jan. 1907 by the Retail Merchants' Association of Philadelphia for a readjustment of the relations between the city and company. The plan confers upon the city the right to purchase at any time after June 30 1957 all leases, franchises and property of the company at the company's actually paid-in capital, $30,000,000. The city has the right to assign or sell this option. Furthermore, a sinking fund is to be established, to be taken out of the gross receipts of the company, which, calculated at 4%, will amount to at least $30,000,000 at the expiration of 50 years, to enable the city to acquire the property at that time. Another feature in the arrangement is that, beginning with Jan 1 1907, the city shares equally in the net profits after stockholders have received lawful interest on the capital invested by them. All franchises for further surface, elevated or underground railroads within the city are to be first offered the Phila. Rapid Transit Co. under terms of this contract. The city is also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. As part of the arrangement, the Rapid Transit Co. agreed to call the $12,000,000 then still due on its stock at the rate of $3,000,000 every six months, the money to be used to give increased and improved service. For further details of plan, see V. 84, p. 451, 1552. An ordinance embodying the above features was passed by the Phila. City Council on June 20 1907 (V. 84, p. 1488) and ratified by the company July 18 1907. On Feb. 27 1911 State Supreme Court affirmed the decision (V. 89, p. 847) of the Common Pleas Court sustaining the company's demurrer in a suit brought to test the validity of the foregoing ordinance. V. 92, p. 596. On July 29 1907 directors called for payment of the final assessment of $15 a share of stock, payable in two installments—$7 50 Sept. 9 1907 and $7 50 Sept. 7 1908. V. 85, p. 284, 1402.

On Feb. 28 1911 shareholders of both the Phila. Rap. Trans. Co. and the Union Trac. Co. approved a plan (V. 92, p. 463) in accordance with the views of Mr. E. T. Stotesbury, who consented on such conditions to enter the Phila. Rap. Trans. board, calling for the issue of $10,000,000 s. f. bonds running for life of city contract, guar. p. & i. by the Union Trac. Co. and secured by pledge of equity in Market St. Elev. Pass. Ry. (V. 91, p. 1629) over and above present $10,000,000 mtge. on said property. V. 92, p. 596. On Feb. 29 1912 directors of both the Phila. Rap. Trans. and Union Trac. Co. authorized the mtge. V. 94, p. 631. As part of the plan, certain equity owned by Phila. Rapid Trans. Co. was surrendered to Union Trac. Co. See V. 91, p. 1161, 1386, 1574, 1630, 1711. The City Council assented to the arrangement in May 1911. V. 92, p. 1375, 1500.

Subway and Elevated Lines to Be Built by the City and Operated by the Company.—At an election held April 29 1915 the electors voted in favor of a $6,000,000 loan for a Broad Street subway and a Frankford elevated line (V. 100, p. 1511), and on July 1 1915 the ordinances making equal appropriations for both projects were signed by Mayor Blankenburg. Construction was begun September 11 1915. V. 101, p. 132, 774, 1371. At the election on May 16 1916 it was voted to issue $57,100,000 bonds for additional subway and elevated lines, in accordance with the program of former City Director of Transit A. Merritt Taylor, as outlined in V. 102, p. 2342. The Stern bill, rendering valid the election of May 16 1916, was passed by the Penn. House of Representatives in April 1917. V. 104, p. 1703. On July 7 1917 the taxpayers' suit to restrain the city from proceeding with construction of the new high speed lines was dismissed by Common Pleas Court No. 4. On July 23 1917 the Pennsylvania P. S. Comm. granted the Philadelphia city authorities permission to construct all of the lines contemplated in said program. In June 1918 Government sanction to proceed with the construction of the Frankford elevated system was given with the understanding that the work in connection with the Broad St. subway (with certain exceptions) be stopped as promptly as possible. V. 106, p. 2451.

Broad St. Subway.—"*City-Company Plan.*"—See V. 116, p. 1050.

Lease.—In May 1922 the ordinance embodying the lease between the city and the co. for the operation of the Frankford elevated line and Bustleton surface line by the co. was approved by the City Council and the Penna. P. S. Comm. and was signed by the Mayor and the co. officials. These lines are leased beginning Nov. 5 1922 for a period of five years. The co. pays rental of 1% during 1923 on construction cost of Frankford Elevated; rental to be increased 1% annually until a maximujm of 5% is reached. This contract may be extended by the city so as to terminate in 1957 with the 1907 city agreement. A summary of the principal features of the lease will be found in V. 114, p. 2241.

Power Contract.—In March 1912 entered into a 10-year contract with the Phila. Electric Co. for additional power. V. 94, p. 768. A new agreement was entered into Dec. 12 1920 for a period of 3 years from Nov. 15 1922.

Voting Trust.—The voting trust established in Feb. 1911 for 5 years was extended in 1916 for a further period of 5 years to Feb. 20 1921. On Feb. 12 1920, however, it having been determined that the voting trust was no longer necessary, it was resolved to terminate same on that date. V. 110, p. 465; V. 92, p. 660, 726, 882, 1243, 1500; V. 95, p. 1608; V. 102, p. 523, 1347.

New Line.—In Sept. 1911 the Snyder Ave. St. Ry. was chartered in the interest of the Phila. Rap. Tran., with $140,000 stock, to operate 7.66 miles of line on Snyder Ave. Line was placed in operation Jan. 1912.

Hog Island Extension.—On Aug. 4 1918, in accordance with a contract with the Emergency Fleet Corp., the co. placed in operation an extension from Eastwick Ave. to the Hog Island Shipyard. The Fleet Corporation advanced the funds to the company to cover the cost of the new construction and equipment (100 cars). On Aug. 24 1922 this property was purchased by P.R.T. Co. in accordance with the contract at an appraised valuation.

Excise Tax.—On Aug. 2 1915 Judge Dickinson in the U. S. Dist. Court held that the company's subsidiaries operated under lease were not carrying on business within the meaning of the excise tax law of 1909 and therefore were not liable to the tax. On Oct. 22 1917 the Market Street Elevated Pass. Ry., the Union Traction Co. and the Philadelphia Traction Co. appealed to the U. S. Dist. Court for restitution of $73,768 and interest collected from them in the years 1911 and 1912.

Income Tax Litigation.—On July 15 1918 the various leased line cos. filed suits against the Phila. Rap. Tran. Co. to recover income and excess profits taxes paid by them under protest. V. 107, p. 402. Compare V. 106, p. 2451. On Nov. 20 1918 a ruling was handed down by Common Pleas Court No. 3 (and in Feb. 1919 affirmed by the Pennsylvania Supreme Court) under which the Phila. Rapid Transit Co. is held responsible under the terms of the several leases for the payment to the Govt. of the income-excess profits taxes of the following leased line corporations: Philadelphia Trac. Co., Germantown Pass. Ry. Co., 13th & 15th Streets Pass. Ry. Co., Philadelphia City Pass. Ry. Co., Union Trac. Co., Ridge Ave. Pass. Ry. Co., Frankford & Southwark Philadelphia City Pass. Ry., Fairmount Park & Haddington Pass. Ry. Co., Citizens' Pass. Ry. Co. and the Hestonville Mantua & Fairmount Pass. RR. Co. On the other hand, however, it was ruled that the following companies must assume liability for their Federal taxes: Continental Pass. Ry. Co., Philadelphia & Darby RR. Co. and Green & Coates Streets Phila. Pass. Ry. Co. V. 107, p. 2009; V. 108, p. 785.

Validity of Rentals Upheld.—In Dec. 1920 the Superior Court of Penna. handed down a decision denying the order of the P. S. Comm. requiring the underlying companies to file answers to averments made by the city and two local business men's associations with regard to rentals of the underlying companies. V. 111, p. 2521; V. 112, p. 163. The city, the P. S. Comm. and business associations appealed, and on July 1 1921 the Penna. Supreme Court reversed the decision of the Superior Court but only on a technicality. The Supreme Court held that the case should not have gone to the Superior Court; but maintained that the P. S. Comm. had no right to attack rental payments. For details see V. 113, p. 183, 293.

Split in Directorate.—See V. 111, p. 389; also V. 114, p. 522, 627, 739, 1181.

Fares.—On Oct. 4 1920 applied to the Penna. P. S. Comm. for auth. to charge a flat 5-cent fare and to abolish all free transfers and 3-cent exchange tickets. V. 111, p. 1472. Compare V. 110, p. 2188; V. 111, p. 74, 1183. This petition was rejected by the Comm. but effective Nov. 1 1920 the co. was auth. to raise fares to 7 cents cash, with 4 tickets at 25 cents. No change was made in transfer or exchange rates. V. 111, p. 1662. See also V. 112, p. 1978; V. 113, p. 1773. President Mitten in a letter to the Mayor in March 1921 on the subject of operation of the Frankford "L" proposed a basic 7-cent fare with 5 tickets for 35 cents for the entire system, instead of 4 tickets for 25 cents as then effective. V. 112, p. 1399. See also V. 114, p. 1652.

City's Report on Valuation.—See details in V. 114, p. 2470.

Government Loan.—In Sept. 1918 the Penn. P. S. Comm. approved a contract under which the Government loaned the co. $1,748,000 to extend transit facilities for workers in industrial war plants. V. 107, p. 1101. In Oct. 1922 negotiations were pending with the Government for the purchase of the property covered by this loan.

Proposed Plan of Consolidation.—In Aug. 1920, Pres. Mitten made public the following proposed plan of consolidation, after having resigned from the directorate of the Union Traction Co. on account of opposition on the part of members of the board to this plan. The plan provides for the consolidation of the five lease-holding companies—Philadelphia Rapid Transit Co., Union Trac. Co., Phila. Trac. Co., Electric Trac. Co., Peoples Trac. Co., into one operating co.; transmuting the stocks and other securities of these cos. into the stock of the new co., so as to maintain present preference as to assets and dividends of the respective cos. An assessment of $10 per share on Union Traction Co. stock is provided for under the plan. The following table is designed to show the basis upon which exchange of securities of present cos. for stock of new co. would be made.

PITTSBURGH, PA.

PHILADELPHIA COMPANY.

ORGANIZATION.—Organized on May 24 1884, and was originally a natural gas company. Operates under special Act of the Legislature of Pennsylvania (conferring many valuable rights and privileges) granted to its predecessor, the Empire Co., in March 1871. *Franchises* of the company and its subsidiaries, with a few minor exceptions, are perpetual or for 999 years. Its business may be classed under the following heads:

(1) *Natural Gas and Oil.*—Philadelphia Co., through its own lines and those of a number of cos. controlled by it, supplies nearly all the natural gas consumed in the city of Pittsburgh and the manufacturing towns lying along the Monongahela and Allegheny rivers. Company controls by lease 340,242 acres of gas and oil lands in West Virginia and Western Pennsylvania. In 1913 the Pittsb. & West Virginia Gas Co. purchased the Monongahela Natural Gas Co. by the issue of $1,500,000 coll. trust notes (see below). The principal natural gas companies controlled are:

The Philadelphia Co. of W. Va.	Pittsburgh & West Virginia Gas Co.
Equitable Gas Company.	Monongahela Natural Gas Co.

During the 12 mos. ending Dec. 31 1922 company sold 32,410,982,700 cu. ft. of natural gas and produced 162,193 barrels of oil. On Dec. 31 1922 owned or controlled 1,749 gas wells and 3,738 miles of pipe. Also owned or controlled 171 oil wells.

(2) *Electric Light & Power.*—The Philadelphia Co. controls through stock ownership the Duquesne Light Co. which forms the electric light and power division. See statement on a subsequent page.

(3) *Street Railways.*—These comprise about 650.16 m. of track, all operated as a matter of convenience and economy) by the Pittsburgh Railways Co. except the Clairton St. Ry., Co., the Beaver Valley Traction Co. and the Pittsburgh & Beaver St. Ry. Co., which are operated separately).

In Feb. 1902 acquired the elevated railroad franchises which were granted to Messrs. Bigelow, Oliver, Quay and others. V. 74, p. 478.

In Feb. 1906 the United Rys. Investment Co. of San Francisco acquired control through purchase of $21,000,000 of the common stock, paying for the stock acquired partly in its own stock and partly in an issue of its coll. trust bonds. In April 1907 acquired $3,200,000 more of the stock by another issue of coll. trust bonds; now owns $24,555,000 of the com. stock. See statement of United Rys. Investment Co. under San Francisco and also V. 82, p. 393, 988

In 1912 the company made an adjustment of its accounts and relations with the Pittsburgh Railways Co. It sold to the Pittsburgh Rys. certain stocks of street railway and traction cos. included in the Pittsb. Rys. Co. system (book value, $8,265,000), and also turned over to the Railways Co. the bills payable of that co. and of certain underlying cos. (book value, $10,449,052) held by the Phila. Co. In return it received $10,000,000 par value 5% debentures of the Railways Co.; interest on these debentures is payable only if earned and is non-cumulative. See report for year end. Mar. 31 1913 in "Chronicle" of May 24 1913, page 1499.

Default and Subsequent Payment of Interest on Subsidiary Co.'s Bonds.—See Pittsburgh Rys. below. Also Consolidated Gas Co. of Pittsburgh. On July 1 1918 the bondholders of the United Trac. Co. filed a petition in the U. S. District Court at Pittsburgh asking that the Phila. Co. and the Pittsburgh Rys. Co. be jointly held responsible for payments due on United Trac. Co. 5% bonds. V. 107, p. 83. In Mar. 1920 the U. S Circuit Court of Appeals refused to hold the co. liable for int. on these bonds. V. 110, p. 1290.

Suit Dismissed.—On Feb. 14 1918 a test suit in equity was instituted by bondholders of the United Traction Co. to compel the company to recognize liability for the principal and int. of all bonds issued by subsidiaries in the street railways system. V. 108, p. 879. On April 10 1919 Judge Chas. P. Orr in the U. S. Dist. Court at Pittsburgh dismissed this suit. V. 108, p. 1611. The bondholders' committee appealed, but the decision of the lower court was sustained.

Decision.—On May 25 1920 Judge Woolley in the U. S. Circuit Court of Appeals at Phila. reversed the decision of the Federal Court at Pittsburgh, which granted the co. an order for the payment of $495,145 from the receivers of the Pittsburgh Street Ry. for money loaned to its subsidiaries. Judge Woolley held that the co. had no right to seek the return of money loaned to a co. in which it held all the stock. V. 110, p. 2488.

Equity Proceedings.—On Feb. 13 1918 the Equitable Trust Co., of Wilmington, Del., filed a bill in equity in the U. S. District Court at Pittsburgh against the Philadelphia Company and its subsidiaries, asking the Court to restrain the defendants from limiting the supply of artificial gas in Pittsburgh, and bring about the payment of all matured and unpaid interest on the outstanding bonds of the Consolidated Gas Co. V 106, p 822. This suit has been withdrawn and all except $14,000 bonds of the Consol. Gas Co. have been acquired by the Phila. Co. in exchange for the latter's pref. stock. See Consol. Gas Co. of Pitts. on subsequent page.

In Oct. 1921 the co. sold $16,000,000 1st ref. & coll. tr. 6% bonds ser. "A" to retire $9,794,000 5% conv. debs. due May 1 1922 (eliminated from table below) and to fund obligations incurred in part for capital expenditures and in part for retiring other funded debt. V. 113, p. 1888, 2080.

In March 1923 issued $10,000,000 15-yr. 5½% conv. deb. bonds, proceeds being used to constitute further investment in the Duquesne Light Co., the entire com. stock of which is owned by the co. V. 116, p. 936.

Stock.—Stock authorized was increased in February 1899 from $7,500,000 to $21,000,000, of which $6,000,000 was 5% non-cumulative preferred. The increase was made to acquire the stock of the Allegheny Co. Light Co. (acquired by Duquesne Lt Co.), Chartiers Val. Gas Co. and the com. stock of the Consolidated Gas Co.; also by exchange the United Trac. stock. On Dec. 4 1901 stockholders auth. an increase to $36,000,000 through the issue of $15,000,000 additional com. stock. The increase was mainly for the purpose of acquiring the shares of the Consolidated Trac. Co. and the Southern Traction Co. V 73, p 1112. In Aug 1906 authorized common stock was further increased to $36,000,000, mainly to provide for the purchase of the Beaver Valley Traction Co. and Washington & Canonsburg Ry V 82, p. 1323. July 22 1909 $5,000,000 additional common stock was auth. to provide for the convertible feature of convertible debentures auth at the same time, but any shares not so used to be available for the general purposes of the company. V. 88, p 1314; V 89, p 225. On Dec. 28 1918 authorized amount of com. stock was increased from $42,400,000 to $44,900,000, the new stock being issued to pay off floating debt. V. 107, p. 1465; V. 102, p. 68. In Aug. 1919 the auth. amount of com. stock was raised from $44,900,000 to $48,650,000. Listed on N. Y. and Philadelphia Stock Exchanges. V. 116, p. 1412.

On April 29 1912 shareholders voted to authorize $25,000,000 ($50) 6% cum. pref. stock. Of the new stock $6,000,000 was for exchange of existing pref. stock (upon basis of share for share and a cash payment to the co. of $2 50 per share) and $10,000,000 for conversion of convertible debentures. The remainder is reserved for future requirements. See financial plan in V. 94, p. 417, 488; also V. 94, p. 560. Listed on the New York Stock Exchange. On Dec 16 1918 the directors decided to issue $7,000,000 6% cum. pref. stock, $6,506,000 ($6,475,950 issued up to Oct. 1 1922) of which is to be issued in exchange for: (*a*) Outstanding stock (other than that already owned by the Philadelphia Co.) of the Allegheny Heating Co. on the basis of 18 shares ($50 par) of the company's pref. stock for each share of the Allegheny Co.'s stock; and (*b*) First mtge. 5s of the Consolidated Gas Co. of Pittsburgh on the basis of 18½ shares of the company's 6% pref. stock for each $1,000 bond. Under this plan the maximum prin. amount of the Allegheny Heating Co.'s stock which can be exchanged is 2,090 shares (par $100), and the maximum prin. amount of Consolidated Gas Co. bonds which can be exchanged is $5,000,000. Up to Apr. 1 1923 the company had acquired all of the stock and all but $14,000 par value of bonds. All of the $7,000,000 6% cumulative preferred stock not issued or used for this purpose is to be used for the general purposes of the company as the directors specify. V. 108, p. 683. As of March 31 1914, when the original offer for exchange of 5% preferred stock for 6% preferred stock expired, $3,966,600 had been exchanged, leaving $2,033,400 of the old preferred stock outstanding. In May 1916 further opportunity for exchange of stock to and including July 15 1916 was given (V. 102, p. 1897) and holders of $590,950 stock took advantage of the offer, leaving $1,442,450 old pref. stock outstanding.

The Philadelphia Company stock has been listed on the New York Stock Exchange since October 1886, and is also listed on the Phila. Exchange. See application to the N. Y. Stock Exchange in V. 70, p. 1198, and also in "Chronicle" of Feb. 22 1902. In March 1911 stock was listed on the Paris Bourse. V 92, p. 726.

The Phila. Co in Jan. 1908 offered to guarantee 4% per an. from Aug. 1 1907 on the $2,000,000 pref. stock of Consol. Gas Co. (entitled to 6% cum.) provided additional earnings be divided equally between the two classes of stock, but pref. not to receive more than 6% in any event. Holders of 75% of the $2,000,000 pref. stock having agreed to the proposition, the plan was adopted. V. 86, p. 54,605.

Bonds.—The bonds of 1899 are listed on the Phila. and Pittsburgh Stock Exchanges. In 1918 the Brunot Island property which was under the lien of this Mtge. was sold to the Duquesne Light Co. and the proceeds ($4,000,000) deposited with the trustee of this issue. $500,000 was used for additions to the property, and out of the balance $3,434,000 bonds of this issue had been acquired and retired up to Apr. 1 1923. They are free of Pennsylvania State tax. For security for the bonds see V. 102, p. 801. Listed on Phila. Stock Exchange.

STREET RAILWAYS.

(1) Pittsburgh Railways Co.—A trolley road.

Receivers Appointed.—On April 23 1918 H. S. A. Stewart, J. D. Callery and C. A. Fagan (subsequently Messrs. Stewart and Callery resigned and W. D. George and S. La Rue Tone are now serving in their places. V. 107, p. 2377; V. 108, p. 80) were appointed receivers for this co. upon application of the American Brake Shoe & Foundry Co. and the St. Louis Car Co., it being alleged that revenues were insufficient to meet maturing obligations and that there was immediate danger of the system being dismembered by bondholders of the underlying corporations. V 106, p. 1797.

In March 1920 the receivers applied to the U. S. Court for auth. to purchase 150 new cars at a cost of about $2,000,000, through the issuance of receiver's certificates secured by a car trust covering the new cars and certain of the cars now in use. V. 110, p. 1415. Authority had not been granted to Oct. 1 1921.

Suit of Foreclosure.—The Union Trust Co., as trustee for the $4,000,000 1st M. coll. tr. 5s of the old Southern Traction Co., was auth. on May 29 1919 by Judge Chas. P. Orr in the U. S. Dist. Court to foreclose and to take

the lines (embracing all lines to the West End) out of the receivership and operate them separately. V. 108, p. 2331. Compare V. 108, p. 1512. On July 14 1921 Judge Chas. P. Orr, in the U. S. Dist. Court, granted judgment in favor of the Union Trust Co. Both the city of Pittsburgh and the receivers opposed this action. See V. 113, p. 418, but compare V. 114, p. 198, 307. In Mar. 1922, however, an amicable settlement was effected and the receivers ordered by the Court to file a report on the receivership. See V. 114, p. 1288.

Petition for Discharge of Receivers.—On Feb. 15 1923 the owners of the property petitioned the U. S. Dist. Court for the discharge of the receivers and the return of the property to its owners.

Proposed Reorganization Plan.—A plan for the reorganization of the system embodied in an agrement proposed to be executed by the City of Pittsburgh, the Philadelphia Co. and the Pittsburgh Rys. Co., was presented to the Pittsburgh City Council July 25 1921. The plan contemplates the reorganization of the co. or the formation of a new co. to take over all its assets. The new co. would be limited to $62,500,000 in the issuance of securities in substitution of securities now outstanding amounting to $156,000,000. An annual return of 6% for 10 years is allowed on the new capitalization, which is the value of the railways properties as fixed by the P. S. Comm. (see below under "Valuation"). The city is given a voice in the control of the co. The proposed plan was printed and copies distributed by the Municipal Law Dept. of the City of Pittsburgh. For full details of plan see V. 113, p. 533, 731. Nineteen boards of trade, chiefly outlying districts entered into a joint protest against the proposed plan, but it is understood that no appeal will be made to the Superior Court. V. 114, p. 1288. V. 113, p. 1252. The above plan was approved by the Pittsburgh City Council, with certain amendments (see V. 113, p. 2721), and signed by the Mayor and A. W. Thompson, Pres. of the co., in Dec. 1921 (V. 113, p. 2721). On Feb. 14 1922 the Penna. P. S. Comm. approved the plan. V. 114, p. 855. No details as to the actual basis of the proposed financial readjustment are as yet available. V. 114, p. 1288. See also V. 115, p. 870, 2047, 2268, 2378, 2686; V. 116, p. 1412.

Default—Subsequent Payments.—The company failed to pay the Jan. 1 1918 interest on the bonds of a number of subsidiaries and the directors of the Philadelphia Co., which was already a creditor of the Railways Co. for a large amount, refused to make it further loans. All the Jan. 1 1918 coupons, except on the United Traction 5s, were paid in March 1918. V. 106, p. 930, 1232. Coupons on the United Trac. 5s have since been paid from time to time. V. 113, p. 2722 V. 114, p. 80.

Valuation.—In March 1918 the Public Service Commission appointed a committee to ascertain the physical valuation of the co.'s properties and to recommend fare rates which will yield it a fair return on its investment. In Aug. 1918, under orders from the P. S. Comm., the receivers appointed a board of three (A. J. Kelly, Henry P. Haas and J. W. Cree) to make the valuation. V. 107, p. 697. According to the report to the P. S. Comm. in Aug. 1919, physical value of the co. in the opinion of engineers for the city is $48,000,000, and in the opinion of engineers for the co. either $60,889,804 or $70,120,804. V. 109, p. 776, 1367. In March 1920 the P. S. Comm. fixed $62,500,000 as the value of the co.'s property, this being a compromise between the above mentioned valuations. V. 110, p. 1290. The city, however, carried an appeal to the Superior Court of Penna., but this was withdrawn by agreement.

This was formerly the Southern Traction Co., but in accordance with the authority vested in it by the terms of its charter, the directors of the Southern Traction Co. on Dec. 30 1901 voted to change the name of the company to the Pittsburgh Railways Co. The Philadelphia Company had previously acquired all the stock, common and pref., of the Southern Traction, in accordance with the terms in V. 73, p. 1112.

PORTLAND, ORE.

PORTLAND RAILWAY, LIGHT & POWER CO.

ORGANIZATION.—Incorporated in Oregon June 29 1906 and has purchased all the property of the Portland Ry. Co., the Oregon Water Power & Ry. Co. and Portland Gen. Elec. Co. V. 86, p. 1044. On *March* 21 1912 acquired the Mt. Hood Ry. & Power Co. V. 94, p. 983. During 1912 sold the railway property in Salem for $355,333 and the Willamette Falls Ry., 9 miles in length, for $170,000. In May 1914 purchased the Yamhill Electric Co. In Jan. 1914 acquired a majority of the $1,000,000 com. stock of Willamette Val. Southern Ry., incorp. in 1911 to construct a road from Oregon City to Angel City, 32 miles. Line was placed in operation on Jan. 31 1915. Regular passenger service from Portland to Mt. Angel inaugurated Oct. 23 1915. With the exception of two interurban lines the company operates all the electric railways in Portland and vicinity including interurban lines to Oregon City, Troutdale, Cazadero and Bull Run, Ore., and over the new inter-State bridge to Vancouver, Wash. Does most of the electric light and power business of Portland and vicinity; also all of the electric light and power business in Salem, Oregon City, Silverton, Woodburn and many smaller communities in Ore. and in Vancouver, Wash., and operates the gas plant in Salem. Power is sold to the two interurban lines above mentioned, to the Southern Pacific, and also to the companies operating the street railways in Salem and Vancouver. The Yamhill Elec. Co. supplies electric light and power service to Newberg and other points in Yamhill County. Railway *franchises* in Portland expire in 1932 and 1933. Light and power *franchises* in Portland and Salem are perpetual. In Vancouver they expire in 1927. Has franchise to carry freight in Oregon City, expiring in 1926. In Dec. 1916 obtained a franchise to operate over the new bridge connecting Portland, Ore., and Vancouver, Wash. One-half the profits are to go to Clark and Multnomah counties, by whom the bridge was built. The company's transmission lines and a large part of the interurban railway are on private right of way.

On March 15 1910 the Oregon Supreme Court handed down a decision which in effect sustains the *franchise* covering portions of 40 streets passed by City Council April 28 1909 over the Mayor's veto. See V. 90, p.

On Feb. 21 1913 a franchise covering about 22 miles of streets, including the proposed "7th St. Line," was granted. The franchise expires in 1932 and contains a provision that at that time appraisers may be appointed to arrive at the value of the company's equipment, with a view to the purchase of the lines by the city. V. 96, p. 654.

In Nov. 1912 the co. brought suit to restrain the city from enforcing the "straphanger ordinance" (limiting to 3 cts. the fare charged passengers for whom no seats are provided), and also the 50-cent minimum gas and electric rate ordinance. A temporary injunction against the enforcement of the former was granted in Dec. 1912, but application for an injunction to set aside the latter was denied by Judge Bean in the U. S. Dist. Court on Nov. 25, on the ground that the Federal Court has no jurisdiction. V. 95, p. 1542, 1274.

Favorable Decision.—Judge Harris in the Supreme Court at Salem in May 1916 held void the ordinance requiring a tax of 3% on gross earnings (V. 96, p. 1157). V. 102, p. 1718.

Valuation.—The Oregon P. U. Comm. on Apr. 30 1917 placed the valuation of the company's property as of Dec. 31 1916 for rate-making purposes at $46,862,972, or about $14 000,000 less than the co.'s valuation. See V. 104, p. 1900, and compare V. 103, p. 61.

Fare Increase.—In Jan. 1918 the Oregon P. S. Comm. auth. the cc. to increase its fares from 5 to 6 cents, tickets to be sold 5 for 30 cents and 50 for $2 75. This schedule became effective Jan. 15 1918. V. 106, p. 190. Compare V. 105, p. 1618. On Jan. 14 1918 the Comm. denied the city's petition to have the order suspended, or its operation postponed pending litigation in the courts, but ordered that receipt slips be attached to tickets sold by the company, which are to be redeemed for the amount of excess fare charged in the event the courts declare the order invalid. On Mar. 14 1918 the Circuit Court of Multnomah County, Wash., upheld the ruling of the P. S. Comm. in granting the 6-cent fare. The city has appealed to the Oregon Supreme Court. See also V. 109, p. 2263. Effective June 15 1920, the Oregon P. S. Comm. issued an order fixing fares at 8 cents cash, with strip tickets at 6 for 45 cents and book tickets at 50 for $3 65. V. 110, p. 2568. Effective Sept. 9 1920, the fare between Portland, Ore., and Vancouver, Wash., was raised from 15 to 17 cents. V. 111, p. 1370.

On Aug. 31 1921 the stockholders voted to (1) authorize the creation of $10,000,000 7% com. prior pref. stock; (2) to increase the 1st pref. stock by $2,500,000; (3) to retire the $15,000,000 of 75% paid com. stock outstanding and issue in exchange therefor $11,250,000 full-paid com.; (4) to reduce the auth. amt. of com. stock from $25,000,000 to $20,000,000. For full details see V. 113, p. 1561.

In Dec. 1922 the co. asked the Richmond City Council to eliminate jitney competition and for auth. to charge a 7-cent cash fare with 5 tickets for 30 cents. V. 115, p. 2687.

ROCHESTER, N. Y.

NEW YORK STATE RAILWAYS.—Of the common stock, $13,604,300 (also $600 pref.) owned by New York Central RR.

ORGANIZATION.—Incorporated in New York on March 22 1909 as a consolidation of the Rochester Ry. Co., the Rochester & Sodus Bay Ry. Co. and the Roch. & Eastern Rapid Ry. Co. (as per plan V. 88, p. 53, 823, 945,) and on Oct. 17 1912 the P. S. Comm. approved the further merger with the Utica & Mohawk Valley Ry., Oneida Ry., Syracuse Rapid Transit Ry. and Rochester & Suburban Ry., all of whose stocks had already been owned. V. 95, p. 1040. Aug. 28 1919 the co. merged into itself the East Side Traction Co., the entire stock of which had been owned since 1912. Compare V. 108, p. 683.

The Rochester Railway was a consolidation of the Rochester City & Brighton RR., the Cross-Town RR. and the South Park RR., and leased the Rochester Electric Ry. from July 1 1894 for 50 years, at a rental of 8% on $200,000 stock, and whenever gross receipts exceed $55,000, one-quarter of such excess.

In 1917 the property and franchises of the Ontario Light & Traction Co., other than the electric railway property, were disposed of to the Rochester Ry. & Light Co.

On March 10 1910 Pub. Ser. Comm. authorized an increase in stock from $23,140,200 to $23,860,200 to be used to take over the Rochester & Suburban Ry. (stock $420,000), the Rochester Electric Ry. (stock $200,000) and the Ontario Light & Traction Co. (stock $100,000). See V. 90, p. 914, 1425. In Jan. 1912 applied to Public Service Comm., 2d Dist., for authority to increase stock to $25,362,500. V. 94, p. 68. Permission was not granted.

The following is a list of the stocks owned by the N. Y. State Railways:

Schenectady Railway Co	$2,050,000	or 50%	of whole amount
Syracuse Land & Steamboat Co	10,000	" 100%	" "
Syracuse & Valley Land Co	4,450	" 100%	" "
Glen Haven Improvement Co	14,500	" 100.00%	" "

Rochester Electric Railway Co	176,500	" 88.30%	" "
Miscellaneous	850	"	" "

Also owns $55,000 City of N. Y. 4¼% coup. "Corp. "stock and $240,000 railroad bonds.

Franchises in Rochester are practically perpetual and exclusive, with exception of a few extensions which run for 50 years.

Contract for Power.—Power for all lines is supplied under a long-term contract with the Rochester Gas & Electric Corp., whose entire com. stock is owned by Mohawk Valley Co. (in turn owned by N. Y. Central RR.).

Favorable Jitney Decision.—See V. 102, p. 2167.

On Dec 29 1916 the Court of Appeals upheld the constitutionality of the Charlotte annexation bill which provides for a single 5-cent fare within the city limits as extended. The co. appealed from the decision, was defeated, and carried the case to the Supreme Court, and on Sept. 13 1918 a decision favorable to the company was rendered.

Valuation.—At a hearing held before the P. S. Comm. on Feb. 26 1919 the appraised valuation of the co. was given as $53,326,235. For valuation of the co.'s property in Syracuse see V. 111, p. 1472. See also V. 111, p. 2521. For valuation of Utica lines see V. 112, p. 63. For valuation by Board of Appraisers for the city of Rochester, in Aug. 1921, see V. 113, p. 849.

Fares.—In June 1917 applied to P. S. Comm. for auth. to increase fares from 5 to 6 cents in the cities of Rochester, Syracuse, Utica, Rome, Oneida, and Little Falls. On April 18 1918 Judge Cuthbert W. Pounds in the N. Y. State Court of Appeals at Albany handed down a decision holding that the Commission cannot increase fares on Rochester surface lines. The court held that where a municipality and a street railway corporation have entered into an agreement to fix the rate of fare at 5 cents, the pact is binding. V. 106, p. 1461. [On Oct. 21 1919 the Court of Appeals reaffirmed this decision. V. 109, p. 1610.] In Nov. 1918 the P. S. Comm. auth. the company to charge a 6-cent fare in Syracuse and Utica "for the duration of the war and a reasonable time thereafter." V. 107, p. 2098. In Dec. 1920 the Syracuse Common Council rejected a proposed 10-yr. service-at-cost contract for the co.'s Syracuse lines. The co. then announced a 20% cut in service on these lines and appealed to the P. S. Comm. for a straight 10 cent fare. V. 111, p. 2325. A 10 cent fare on the co.'s Utica lines was asked for (V. 112, p. 63), but this was denied by the Pub. Serv. Comm. in Sept. 1921. V. 113, p. 1251, 2721. In Sept. 1922 the N. Y. P. S. Comm. auth. co. to increase fares to 7 cents for the Utica territory pending a rehearing. V. 115, p. 1533. In April 1921 the P. S. Comm. auth. an increase in fares on the Syracuse lines to 8 cents cash. V. 112, p. 1741. In Sept. 1922 fares in Syracuse were reduced from 8 to 7 cents. V. 115, p. 1533. On May 25 1920 the co. began charging a 7-cent fare in Rome. On July 16 1920 the Mayor signed the service-at-cost contract passed by the Rochester Common Council. This provided for a 7-cent fare, effective Aug. 1 1920 and has been approved (V. 115, p. 1429) by the N. Y. P. S. Comm. V. 111, p. 389, 896, 990, 2325. Compare V. 111, p. 190. In Feb. 1923 the co. was auth. to increase fares to 7 cents on its Oneida lines. V. 116, p. 936.

Recommendations of Syracuse Street Railway Commission.—For principal features of report by Ry. Comm. recommending service-at-cost for Syracuse see V. 111, p. 1279, but compare V. 111, p. 2325.

(1) Schenectady Railway.—A trolley road.

Entire stock is owned jointly by the N. Y. State Rys. and the Del. & Hud. Co., one-half by each. V. 80, p. 652; V. 87, p. 286, 545; V. 88, p. 54

ORGANIZATION.—Incorporated in New York. A reorganization on Feb. 11 1895 of Schenectady Street Ry. Co., which was chartered in 1886. Controls the entire street railway business in Schenectady and owns and operates double-track lines to Albany, Troy and Ballston Spa, and, under traffic agreements with the Hudson Valley Ry., from Ballston Spa to Saratoga Springs. Has trackage rights over the United Traction Co.'s tracks into Albany and Troy. *Franchises* perpetual.

Favorable Decision Regarding Fares.—On May 21 1914 the P. S. Comm dismissed the complaint of the city against the company in which an order was asked compelling the company to sell six tickets for a quarter instead of a straight rate of 5 cents. V. 98, p. 1609. See also V. 100, p. 231.

Fares.—The restrictions in certain franchises within the city of Schenectady as to 5-cent fares were waived by Common Council May 24 1920. The P. S. Commission on July 27 1920 decided favorably upon the application of the company to increase rates. The increased rates, made effective Aug. 1 1920, were as follows: (a) On the Schenectady urban lines the rate of fare was increased from 6c. to 7c. (b) On the Troy interurban division, the Schenectady-Troy rate was increased from 31c. to 35c. Intermediate zone rates were changed from 6c. to 7c., the minimum interurban fare. (c) On the Ballston interurban division, the Schenectady-Ballston rate was increased from 30c. to 35c. The intermediate zone rates were changed from 6c. to 7c., the minimum interurban fare. (d) On the Albany division the Schenectady-Albany rate was increased from 28c. to 29c. On July 5 1922 the P. S. Comm. established a universal 7c. fare on the lines of the United Trac. Co. in the cities of Albany, Troy and Watervliet. This did not affect any change in the foregoing through rates on the lines of the Schenectady Ry. Co. between Schenectady and Albany and Schenectady and Troy. V. 115, p. 437.

Receivership.—On April 12 1919 Judge Dyer in the U. S. Dist. Court at St. Louis appointed Rolla Wells receiver for the co. on petition of Samuel W. Adler of N. Y., the co. joining in the prayer for receivership. The co.'s inability to repay the 6 mos. loan of $3,235,000 made to it by the War Finance Corp. on June 1 1918 was the cause of the appointment. V. 108, p. 1611 (this has since been paid). On April 24 1919 the receivership suits instituted by Samuel W. Adler and Elmer A. and Robt. J. McLaughlin were consolidated under the John W. Seaman suit by Judge Dyer in the U. S. Dist. Court and Rolla Wells, who had been automatically removed as receiver in the order making the Samuel W. Adler suit an intervening one to the Seaman suit, was appointed receiver under the consolidated suits, and Henry Lamm was reappointed as Special Master to conduct the hearings. V. 108, p. 1823, 2331. Compare V. 106, p. 716; V. 107, p. 907; V. 108, p. 81, 1513; V. 110, p. 2488; V. 111, p. 2326; V. 112, p. 1026; V. 113, p. 961.

Subsidiary Companies Receiverships.—In Sept. 1919 Rolla Wells was appointed receiver of the Missouri Electric Ry., the Florissant Construction, Real Estate & Investment Co. and the Merchant's Express Co., subsidiaries, on application of Thomas Francis, attorney for the United Rys Co. V. 109, p. 1368. See also V. 113, p. 1252.

In Nov. 1920 $4,200,000 3-year 7% receiver's certificates were issued to provide or the payment of $1,900,000 St. Louis RR. 4½% bonds which fell due May 1 1920 and to reimburse the receiver for funds used to retire $2,300,000 receiver's certificates due Sept. 2 1920. V. 111, p. 2141.

In July 1921 the receiver's application for authority to issue $1,474,000 receiver's certifs. to be used in retiring the $1,474,000 Lindell Ry. 4½s, due Aug. 1 1921, was denied. V. 113, p. 418. Compare V. 113, p. 72. In Aug. 1921, however, the receiver offered to extend the Lindell Ry. bonds to Oct. 1 1923 at 8%. This extension was underwritten by the North American Co. V. 113, p. 536.

The receiver was auth. to extend the $2,000,000 St. Louis & Suburban cons. mtge. 5s due Feb. 1 1921 for 3 years at 8%. The extension was carried out after some delay, the extended bonds bearing 8% interest from Feb. 1 1921 and maturing Oct. 1 1923. Holders who did not desire to extend their bonds received cash upon presentation, interest on this issue accruing at 8% up to June 1 1922. V. 114, p. 2360, 2728.

Holders of $1,640,000 Cass Ave. & Fairgrounds Ry. 1st mtge. extended 4½% bonds due July 1 1922, were given the right to extend their bonds to Oct. 1 1923 at 6%. The extension was underwritten by the North American Co. V. 115, p. 75.

The Jan. 1 and July 1 1920 coupons on the Gen. Mtge. 4% bonds were paid when due. Int. due Oct. 1 1920 on the St. Louis Transit 5s of 1924 and the St. Louis Suburban 5s of 1923 was paid when due. V. 111, p. 1662. See also V. 113, p. 1252. Interest due April 1 and Oct. 1 1921 and April 1 1922 on the latter issue was not paid until May or June 1922. V. 114, p. 2242. While no provision for the $4,500,000 St. Louis & Suburban gen. mtge. 5s, due April 1 1923 had been made up to time of going to press, it is stated that the int. due on that date will be paid. V. 116, p. 1412.

Reorganization.—In Sept. 1922 it was reported that a tentative plan for the reorganization of the company was expected to be taken up in the near future. V. 115, p. 1534. See also V. 115, p. 1943, 2047.

ORGANIZATION.—Incorporated in Missouri on March 11 1898 as the Central Traction Co., but changed its name to above on July 10 1899. On Dec. 31 1906 absorbed the St. Louis & Suburban Ry., giving its pref. stock, share for share, for the stock of that company. The United Rys. guarantees the $4,500,000 gen. mtge. bonds of the St. L. & Sub. Ry. See V. 83, p. 39, V. 84, p. 105. In 1908 acquired a controlling interest on the Missouri Electric Co., successor to the St. Louis St. Charles & Western RR., which was sold at foreclosure in July 1905.

The United Rys. Co. comprises all the street car lines in operation in St. Louis. The co. was originally leased to the St. Louis Tran Co., but under a readjustment arranged in Oct. 1904 by Messrs. Brown Bros. & Co. (V. 79, p. 1333) the lease was canceled and the $17,264,300 stock of that company nearly all exchanged for voting trustees' certificates for common stock of the United Rys. Co. on the basis of $500 Transit stock for $200 voting trustees certificates. Voting trust has expired and common stock has been issued for trust certificates.

Under this plan the $20,000,000 refund. and impt. mtge. bonds of the St. Louis Transit Co., of which $8,000,000 has been issued, were canceled, and in their place the same company issued $10,000,000 of 5% improvement bonds guar. by the United Rys. Co. of St. Louis, this guaranty being secured by a mortgage on all of that company's property next in rank to that of its general mtge. These improvement bonds are now the only outstanding security of the Transit Co.

Power.—Power is purchased from the Union Electric Light & Power Co. and the Electric Co. of Missouri (successor to the Miss. River Power Distributing Co.). See V. 111, p. 1662; also V. 112, p. 2529.

Mill Tax Decision.—The U. S. Supreme Court on April 10 1916 dismissed the company's appeal from the decision in the Missouri courts which upheld the ordinance by which the city collects a tax of one mill on each passenger fare. V. 94, p. 418, V. 95, p. 1124; V. 99, p. 1053, V. 100, p. 400; V. 102, p. 1437. On June 16 1916 the co. paid in full the $1,839,205 judgment obtained by the city for taxes from 1903 to 1910, with interest. On Jan. 11 1919 the co. formally acknowledged its responsibility for the $2,500,000 mill tax which it owes the city which will be paid off in ten annual installments with interest, and in the future the co. agrees to pay this tax without contest. The city in turn will not contest the franchise of any of the co.'s branch lines in St. Louis and agreed to dismiss its appeal in the Jefferson Ave. franchise case. V. 108, p. 270. A formal agreement to this effect was signed on Jan 15 1919. V. 108, p. 380, 481; see also V. 112, p. 2529.

Rapid Transit System, &c., Proposed.—V. 113, p. 1889.

Franchise Ordinance.—After much delay and many amendments, an ordinance was passed by the Municipal Assembly on March 29 1918 and signed by the Mayor on April 10 1918 (for principal features of ordinance see this Section for Sept. 1918). On Oct. 4 1918, however, the co. notified the city that it [the co.] did not deem it advisable to accept the measure because of various objectionable features embodied therein. The chief factor against its acceptance was that a fair return on the co.'s investment was not assured V. 107, p. 1482. Compare V. 106, p. 1908.

Common Stockholders Committee.—At a meeting of stockholders owning com. shares, held in Louisville, Ky., in July 1917, Byron Hilliard was appointed a committee to represent said shareholders in Kentucky and southern Indiana. No deposit of stock was requested or has been made to date.

Valuation.—For appraisal as of Dec. 31 1917 made for city of St. Louis by J. E. Allison showing a total reproduction cost of $72,589,141. See V. 106, p. 1578. See also V. 111, p. 494. Valuation by Mo. P. S. Comm. will be found in V. 112, p. 259, 933. Compare company's valuation in V. 115, p. 1534. See also V. 115, p. 1934, 2047, 2582; V. 116, p. 823.

In May 1916 the Mo. P. S. Comm. auth. the St. Louis & Suburban Ry. to issue $1 000,000 Gen. M. 5s of 1903 to take up and pledge under that mortgage the $1,000,000 bonds issued by the St. Louis & Meramac Ry. Co. for refunding its $1,000,000 1st M. 6s, which fell. due May 8 1916. The $1,000,000 St. L. & Sub. bonds are held in the United Co.'s treasury for future use. V. 102, p. 2255. The $200,000 Southern Electric 5s maturing Aug. 1 1916, were paid off and a like amount of United Rys. 4s were issued and placed in treasury.

Decisions.—On Feb. 26 1917 the Missouri Supreme Court held that the P. S. Comm. had no auth. to compel the company to extend its tracks on streets on which it held no franchises. Also held void two sections of the city charter conferring upon the city the power to regulate its public utilities.

Fare Increase.—In May 1918 was auth. by the Mo. P. S. Comm. to increase adult fares to 6 cents effective June 1 1918. At the end of 1 year the co. must show cause for making the new rate permanent. (The co. was auth. to extend the 6-cent fare rate, and, effective Sept. 20 1919, was authorized to increase fares to 8 cents for a period of six months). In connection with this the Mo. P. S. Comm. in Feb. 1919 ordered a valuation of the co's property to be completed by June 1 1919. V. 108, p. 581. In granting this increase the Comm. held that municipal franchises do not constitute irrevocable contracts, leaving States without power to regulate rates. In spite of a constitutional-consent clause in Mo. the Comm. held that it was their duty under the law to examine the facts and fix just and reasonable rates notwithstanding franchise terms; and as the existing rates were not sufficient to permit adequate service, public interest and welfare demanded an increase of rates. V. 106, p. 2346. A motion by the City Council for a rehearing in the case was overruled by the Comm. on May 27 1918. See V. 106, p. 2451. In June 1918 the City Council filed an appeal from the decision. V. 106, p. 2759. On Aug. 31 1918 Judge J. G. Slate in the Cole County Circuit Court held that the Comm. was without jurisdiction to pass upon the far question and that the 6-cent fare was therefore null and void. Chief Justice Bond of the Missouri Supreme Court authorized the company to issue a negotiable receipt for 1 cent pending the final decision by the Missouri Supreme Court, which was handed down on Dec. 16 1918, and which sustained the power of the P. S. Comm. to alter street railway fares prescribed by franchise, thus validating the 6-cent fare. V. 107, p. 2377, 2478. The city's motion for a rehearing was overruled by the Missouri Supreme Court. V. 108, p. 81. The company was auth. to extend

the 6-cent fare rate, and, effective Sept. 20 1919, was auth. to charge an 8-cent fare for six months. For further details of schedule, see V. 109, p. 1181, 1274. Effective April 10 1920 fares were reduced from 8 cents to 7 cents straight. V. 110, p. 1643, 1850. See also in V. 112, p. 63, 2750. V. 113, p. 2186. In July 1922 the company was authorized to continue the 7-cent fare until Dec. 31 1922. V. 115, p. 546. In Dec. 1922 the P. S. Comm. extended the 7-cent fare indefinitely. V. 115, p. 2906.

Reorganization Outlook.—See V. 109, p. 578; V. 115, p. 1943, 2047.

SAN ANTONIO, TEX.

SAN ANTONIO PUBLIC SERVICE CO.

Practically all the com. stock is owned by the American Light & Trac. Co.

ORGANIZATION.—Incorp. in Texas Sept. 6 1917 to take over and operate the properties of the San Antonio Gas & Electric Co. and the San Antonio Traction Co., both formerly controlled by the Southern Light & Traction Co., whose affairs were wound up. The new company is auth. to construct a system of interurban electric railways out of San Antonio, and it it reported will build a line between San Antonio and Austin, about 85 miles.

Fares—Rates, &c.—On Oct. 3 1918 the San Antonio City Commissioners denied the company permission to charge either a 6-cent fare (with the existing transfer) or a 5-cent fare with no transfers. V. 107, p. 1482. Compare V. 107, p. 1102. The company applied to the United States District Court at San Antonio for authority to charge a 7-cent fare, and on Feb. 18 1919 Judge Duval West in the United States District Court in San Antonio handed down a decision holding that the franchise ordinance under which the company operates does not constitute a binding contract in so far as the 5-cent fare provision is concerned. V. 108, p. 880. Federal Judge Duval West has granted an injunction restraining the city from interfering with the company putting into effect increased fares. On April 11 1921 the U. S. Supreme Court upheld the action of the lower court. V. 112, p. 1618, 1700. After numerous trials the company finally adopted a straight 7-cent fare with universal transfers. V. 110, p. 659. On Aug. 16 1920 fares were raised from 7 to 8 cents, metal tokens being sold at 4 for 30 cents. V. 111, p. 897. In Dec. 1921 the City Commission accepted the company's proposal to: (1) reduce fares from 8 to 6 cents upon discontinuance of the jitney service (see V. 115, p. 2478) and (2) to establish the 1920 schedule in the price of gas and electricity, with graduated reductions based on the amount consumed. V. 113, p. 2615. See, however, V. 114, p. 1652; V. 116, p. 78.

UNITED RAILWAYS INVESTMENT CO.

ORGANIZATION.—Incorporated in New Jersey Feb. 17 1902. In Sept. 1906 filed an amendment to its charter changing its name from United Railways Inv. Co. *of San Francisco* to its present title. V. 83, p. 689. Owns all the outstanding com. and pref. stock of the California Ry. & Power Co.

Acquisition of Philadelphia Company.—In Fe . 1906 acquired $21,000,000 of the common stock of the Philadelphia Co. of Pittsburgh, giving $37 50 in new collateral trust bonds and $20 in common stock of the Investment Co. for each $50 share of the Philadelphia Co. See V. 82, p. 393, 988. For statement made in listing these bonds on the Philadelphia Stock Exchange, see V. 83, p. 1235. Now owns $24,530,000 Phila. Co. com. stk (see plan below).

Financial Readjustment.—In March 1923 a plan (declared operative April 11 1923—V. 116, p. 1651) was submitted to the stockholders for approval which provides for the formation of a new corporation to be known as the *Pittsburgh Utilities Corp.* to take over from the company 480,000 shares of the common stock (par $50) of the Philadelphia Co. now pledged under the coll. tr. bonds due May 1 1926. It is proposed that the stock of the Philadelphia Co. shall be delivered to the new corporation in exchange for the following issues of the new corporation:

(1) 240,000 shares of com. capital stock of no par value, being all of such com. stock to be presently issued and to remain in the form of voting trust certificates free in the treasury of the company.

(2) Senior securities aggregating not exceeding $15,250,000 face value as follows: (*a*) Coll. trust bonds of the new corporation secured by all or part of the Philadelphia Co. stock delivered to it, (*b*) shares of the 7% cum. pref. stock of the new corporation.

The relative amounts of such bonds and pref. stock and the int. rate on the bonds are to be determined by market conditions at the time of issuance, with a view of issuing as few bonds as feasible consistent with securing for both bonds and stock a favorable price, to insure the provision of the necessary money.

The capitalization of Pittsburgh Utilities Corp. will be confined to bonds to be issued under its coll. trust agreement, a 7% cum. pref. stock and com. stock, all of which latter will be owned by the United Railways Investment Co., so that the co. will have all the equity in the 480,000 shares of Philadelphia Co. stock now pledged under its coll. trust agreement, subject only to the senior securities through the sale of which the co. will free itself from its present indebtedness. Full particulars regarding plan will be found in V. 116, p. 1179. In accordance with above plan Ladenburg, Thalmann & Co., managers, offered to pay holders of the co.'s 1st lien coll. tr. 5s the face amount of their bonds with interest. See V. 116, p. 1277, 1651, 1762.

In April 1923 stockholders were given the right to subscribe at the rate of $10 per share for shares of the 7% cum. pref. stock of the Pittsburgh Utilities Corp. (see plan above) equivalent in par value to 9% of their holdings. V. 116, p. 1533, 1651, 1762.

ORGANIZATION.—Organized in Calif. on Oct. 14 1893 as a consolidation of 11 corporations operating street railroads in the city and county of San Francisco. On Mar. 18 1902 all the assets were sold and conveyed to the United RRs. of San Francisco, which operated said street railroads together with other street railroads purchased by it up to April 1921, when through reorganization and foreclosure proceedings the Market St. Ry. reacquired all the assets and properties of the United RRs. and now operates same. Reorganization was carried out in accordance with terms of plan outlined in "Electric Railway" Supplement of April 30 1921, where history of United RRs. up to time of reorganization will also be found. See also V. 112, p. 2093. The co. owns the following stocks:

The balance of the property of San Francisco Elec. Rys. (consisting of power-house and rolling stock) is now owned by Market Street Ry. Co.

Municipal Ownership Voted.—On Nov. 2 1920 the people of San Francisco voted in favor of a proposition to amend the city charter in such form as to enable it to acquire traction properties, to be paid for out of earnings. For details see V. 111, p. 1950.

In April 1922 negotiations for purchase by the city were under way. The Board of Supervisors was reported to have agreed upon $35,000,000 with deferred payments carrying 5% interest, as a fair valuation of the company's properties. For further particulars as to city purchase plans, see V. 113, p. 2819; V. 114, p. 522, 1179, 1533; V. 115, p. 759, 2159. In March 1923 the co. set a tentative valuation of $48,000,000 on its property. V. 116, p. 1533.

Decision.—On Jan. 18 1917 Judge Hunt in the U. S. Court at San Francisco dissolved the temporary injunction preventing the construction of municipal street railway tracks on lower Market St., paralleling the co.'s tracks. The company appealed, but on April 21 1919 the U. S. Supreme Court upheld the decrees of the Federal Court dismissing the injunction

proceedings brought by the company. In dismissing the company's appeal the Court said that this action was taken without prejudice to the company's right to seek damages. The various damage suits filed by the company up to May 1919 bring the total amount of damages claimed up to $6,870,130. V. 108, p. 1823, 1722. Compare V. 107, p. 2290; V. 108, p. 1391.

CENTRAL CALIFORNIA TRACTION CO.—An electric road.

ORGANIZATION.—Organized in California in Aug. 1905 to construct an interurban system of electric roads for passengers and freight in the central valleys of California. Road operates over private right of way, except in the cities. *Franchises* in all the cities of the system run for 50 years. An additional freight and passenger franchise was awarded company in May 1909 for City of Sacramento. An assessment of $5 a share was called for payment Feb. 20 1908. V. 86, p. 667. In Jan. 1918 another assessment of $5 per share was levied on both classes of stock, delinquent Feb. 25 1918, to provide additional equipment, improve trackage and

restore the company's credit by reducing floating debt. The necessity for this action was ascribed to years of unprofitable operation due to jitney competition, which is now regulated. See V. 106, p. 497.

On May 8 1911 shareholders voted to increase auth. stock to $4,000,000 of which $3,000,000 is com. and $1,000,000 pref. V. 92, p. 955.

Operating Agreement.—Early in 1916 entered into an agreement with the Tidewater Southern Ry. providing for the joint operation of the two lines as one system. The separate corporate existence of each, however, is to be maintained. V. 102, p. 1250.

Plan to Reduce Interest, &c.—In 1917 holders of the 1st M. 5s signed an agreement reducing the int. rate from 5% to 2% for the years 1917, 1918 and 1919 and waiving default in int. and also the sinking fund provision. (1) Montreal Tramways Co.

ORGANIZATION.—Chartered in 1911 and acquired by merger the Montreal Street Ry., Montreal Park & Island Ry. and Montreal Terminal Co. (V. 93, p. 871, 1324), the last two companies being subsidiaries to the Montreal St. Ry. V. 93, p. 1022, 1106. Owns and controls entire street railway system in Montreal and Island of Montreal, except about a mile of interurban line entering the city.

New Franchise.—In Jan. 1918 representatives of the co. and the city signed a new franchise agreement, running for 35 years, which provides (*a*) for the creation of a permanent Tramways Commission of three persons with complete powers over the service, fares, finances, exts. and maintenance; (*b*) fixes the valuation of the existing system at $36,286,295 for the physical property, plus an unnamed amount to be specified by the Commission as "working capital," (*c*) practically guarantees that the company shall be allowed at all times to make a profit of 6% on the total investment thus arrived at and on such new capital as may from time to time be put in; (*d*) allows the company a further remuneration of ⅛ of 1% in each year in which it does not exceed by more than 2½% the estimated operation charges allowed by the Comm. In effect, the company can calculate upon 6½% on its total investment as a guaranteed minimum earning power so long as it is efficiently administered. The company can also look forward to a share of all surplus profits arising after the annual payment to the city of $500,000 and the upkeep of certain maintenance and guarantee funds, neither of which funds should be at all burdensome. The surplus after these charges is to be divided, 20% to the company, 30% to the city treasury, and 50% to a fund for reduction of fares, which may take place when the fund accumulates to $1,000,000, and must take place whenever it contains $2,500,000. (*e*) Dividend distribution is limited to 10%, the present rate. (*f*) An appeal from the Comm. lies to the P. U. Comm. of Quebec. For further details see V. 106, p. 607.

QUEBEC, CANADA.

QUEBEC RAILWAY LIGHT HEAT & POWER CO., Ltd.

Proposed Reorganization.—In Oct. 1922 it was announced that as a preliminary step in the reorganization of the co. application is to be made "for the incorporation of three companies, Quebec Power Co., Quebec Gas Co. and Quebec Tramways Co." V. 115, p. 1732. In April 1923 we were advised that the Provincial Govt. had granted charters to 2 companies, namely the Quebec Power Co. and the Quebec Tramways & Gas Co., with power to acquire any or all of the co.'s or its sub. co.'s properties.

ORGANIZATION.—Incorporated in Canada on Nov. 19 1909 as a consolidation of the following properties (V. 89, p. 1598):

Quebec Ry., Lt. & Power Co.	Quebec Jacques Cartier Electric Co.
Quebec Gas Co.	Canadian Electric Light Co.
Frontenac Gas Co.	Quebec County Railway Co.

These companies do an electric-light and power, gas and street railway business in Quebec and surrounding parishes. Has contract with the Stadacona Hydraulic Co. for supply of power. V. 94, p. 1449.

Purchase by Government.—The Dominion Government has contracted to purchase (ownership to date back to July 1 1916) the following lines: (*a*) Quebec Montmorency & Charlevoix Ry., extending from St. Paul St., Quebec to St. Joachim, 43.2 miles [but see V. 110, p. 562; V. 111, p. 1662]; (*b*) Quebec & Saguenay Ry. ext. from its junc. with the Quebec Mont. & Charl. Ry. to St. Joachim to Nairn Falls, 62.8 m. (acquir. in Mar. 1919); (*c*) Lotbiniere & Megantic Ry. (acquired Apr. 1 1920), extending from Lyster to St. Jean des Chaillons about 30 m. The purchase price of these properties is to be "the value thereof as determined by the Exchequer Court of Canada; said value to be the actual cost of said railways, less subsidies and less depreciation, but not to exceed $4,349,000, exclusive of outstanding bonded indebtedness, which is to be assumed by the Government, but not to exceed in all $2,500,000" [being the $2,500,000 Quebec-Montmorency Ry. 1st M. 5s of 1899, due 1923]. The lines are to be operated by the company until actual possession is taken and the companies must render an accounting to the Govt. from June 30 1916 until the properties are taken over. See V. 102, p. 2255; V. 103, p. 579; V. 104, p. 560. In 1916 the Canadian House of Commons voted to appropriate $4,000,000 for the purchase of the foregoing lines. During 1917 $332,255 was expended on the properties and on Sept. 6 1917 the House reappropriated the remainder, $3,667,745. On Mar. 4 1919 the Govt acquired the Quebec & Saguenay Ry. "free and clear of charge, incumbrances or claims," purchase price being $3,489,313. V. 108, p. 974. It was announced in May 1919 that the proceeds of this sale, after the payment of the contractor's claim, would be used to reimburse the bondholders of the Saguenay Ry., thus relieving the co. of paying int. thereon. V. 108, p. 1938.

The Quebec Ry., Lt., Ht. & Pow. Co. acquired the Quebec & Saguenay Ry. Co. in 1911 through purchase of its $2,500,000 stock and $3,000,000 5% bonds and in turn issued its own bonds of 1911 and 1912 shown in the table below, to pay for same. V. 92, p. 882, 528. These bonds were intended to provide for Quebec-Saguenay line, extending 56½ miles from Cape Tourmente to Murray Bay. In Sept. 1912 construction work on this line was stopped because of non-payment by Saguenay Co. of claims of contractors for construction work (V. 95, p. 1040; V. 96, p. 203). Payments were subsequently made but work was not resumed. The Dominion Govt. completed construction of the road in 1918 and on Oct. 1 1920 operation was taken over by the Canadian Govt. Rys.

On July 7 1917 the company was awarded $275,000 for the property known as the Quebec Gas Co.'s land, which was expropriated by the Federal authorities, according to a decision by the Exchequer Court.

Coupon Payments Delayed.—The interest due June 1 1913 and Dec. 1 1913 was not paid when due and in Sept. 1914 it was announced that the coupons due June 1 1914 were not paid on time, the company following the policy of paying the coupons at intervals through the three months grace following the due date. V. 99, p. 748. Subsequent coupons have been paid within the time limit allowed. V. 109, p. 776.

Int. due Dec. 1 1914 on the Quebec-Jacques Cartier Elec. 1st refdg. 5s was defaulted. A protective committee was formed with W. L. Hallahan; 111 Broadway, New York City, as Secretary, and bondholders were requested to deposit their bonds with the Bankers Trust Co., New York. V. 100, p. 403. Interest was subsequently paid. V. 100, p. 559. Subsequent coupons have been paid to date.

Fare Increase.—On June 22 1918 was auth. by the City Council to sell 5 tickets for 25 cents and 7 workmen's tickets for 25 cents instead of 6 and 8 tickets, respectively, as theretofore. V. 106, p. 2350. Effective Nov. 15 1919 was auth. to increase fares to 7 cents cash, with 4 tickets for 25 cents and 6 workmen's tickets for 25 cents.

Rates.—See V. 111, p. 2141; V. 115, p. 760.

Stockholders on April 12 1922 voted to change stock from $100 par to shares of no par value. V. 114, p. 1652.

In Feb. 1922 Quebec Ry., Lt. & Pow. Co., a subsidiary, applied for an amendment to its charter authorizing it to issue bonds. V. 114, p. 948.
